

Viewing Online Progress Report

- The online progress report provides a cumulative and up to date report of your student's progress for each scoring period at the competency level each time you run it. Comments are only printed on progress reports that are sent home with students each quarter.
- After selecting a learner/student from the dropdown box in your parent portal, click on the "Print Progress Report" icon.

- A new tab will open with the Progress Report. (see example below)

English Language Arts		Q1	Q2
