## Clark-Wilkins Elementary School Principal's Report - September 2021

### **Current Enrollment**

Grade	August	September
PK	39	39
K	118	118
1	127	121
2	123	123
3	153	147

Total	689	677

### **Culture, Climate and Safety**

***Objective: To build and leverage positive risk-taking within a collaborative school community that prioritizes and embraces student-centered decision-making.***

#### **Arrival and Dismissal**

We have been working hard at making our arrival and dismissal procedures as smooth and efficient as possible, while always keeping student safety in the forefront of all plans. We have added a staff member to support the crossing guard at Wilkins, helping to gather groups of students to cross the road at a single time, which has helped with the flow of traffic for buses and cars in front of the school. We have also started to unload several buses at Clark beginning at 7:20, which allows them to begin their HS and MS routes soon after the Wilkins drop off time. We are very excited to have our Friday morning drop off music back in action at Wilkins too!

#### **Lunch and Breakfast Program**

Our daily lunch and breakfast counts are up significantly this year. At Wilkins, we have between 110 and 140 students getting breakfast each day and approximately 400 students enjoying hot lunch. Given the increased number of students eating breakfast, we have set up two mobile breakfast pick up stations, one in the MPR and one in the middle hallway near buses, to allow for students to quickly pick up their breakfast and head to class. Kudos to our special education team for their work manning this very important duty station each day, ensuring that our students have access to a nutritious AND delicious breakfast in the morning. A HUGE Hootie

Shout Out also to Justine Goterch, our kitchen manager, John Lash, nutrition director and head lunch server at Clark, and the entire kitchen crew. We are so grateful for their hard work and look forward to lunch time each day.

### **Culture Club**

This is our third year of Culture Club. The Culture Club is made up of staff from both buildings, approximately 20 members, that are looking at improved cultural opportunities for both of our staff and students. We meet monthly, or whenever needed for special projects. We are very excited that the group will be present for the school board meeting to discuss our mission and accomplishments. Over the past two years, some of the accomplishments are starting the OWL Expectations and positive behavioral incentives program, naming Hootie, golden spatula awards, staff birthday acknowledgements, positive morning messages, spirit weeks, snow day challenges, kindness day, staff flocking, and the welcome back picnic to name a few.

### **Principal's Council**

We are excited to start our student leadership opportunities at Wilkins. Applications for the Principal's Council went out this week and we received 50 applications from our 4th graders. We will choose our council over the next week. The students will have many service learning opportunities throughout the school year. One of our first tasks will be assisting with school-wide Hootie Expectations. In addition, we will be soliciting their ideas for school and cultural improvements in the school and community. We will have several other student leadership opportunities like Recess Rangers, WHOOTE Radio DJs, and Hootie's Council. We believe strongly in the academic and social benefits of student leadership in schools. Stay tuned for further updates of our programs.

### **Open House and Parent Q & A**

On September 9th, the leadership team held a Zoom Webinar for all parents in grades 1 - 4 during open house night with classroom teachers. Click [here](#) to check out our taped webinar. Classroom teachers each held Zoom meetings with their parents and many of our parents tuned in. Teachers were able to offer virtual tours of their classrooms, review student schedules, discuss curriculum, and answer parent questions.

### **PTA Ice Cream Social**

The PTA Ice Cream Social will be held on Thursday September 30th outside on the Wilkins Playground. We are excited to have our staff partner with the PTA to scoop ice cream and enjoy treats together outside. The YMCA will be attending the social to share information with parents about the new program that will start on October 12th.

### **Emergency Aftercare Program (Hootie's Hangout)**

We are so thankful for the hard work of our staff over the past several weeks to put together Hootie's Hangout, the Clark-Wilkins Emergency Aftercare Program. Three of our teachers stepped up in leadership roles, Megan Murrell, Brittney Doyle, and Brenden Holt, and have worked collaboratively with 12 other staff members to plan and implement an enjoyable and meaningful after school program. Students have been able to spend time working on art

projects, playing outside, and in the library, receiving homework help and enjoying some quiet reading.

### **Partnership with YMCA**

The leadership team and Assistant Superintendent Landwehrle have been meeting with the COO and directors of the YMCA program to plan for our collaborative after school program. The YMCA School's Out Program will begin on Tuesday October 12th and registration information will be available online and sent out to all families in our weekly newsletters. Anna and Kathleen met with the YMCA to conduct a Q and A session that will also be available virtually for all interested parents to watch. Click [here](#) to check it out.

***Objective: To improve Tier 1 instruction by focusing on instructional delivery, the use of common resources, employing meaning professional development and leveraging collaborative conversations.***

### **Mathematics Curriculum Work**

Clark-Wilkins teachers have been hard at work implementing a new core resource for math this school year. All teachers elected to participate in the pilot of this new resource to implement our curriculum with students and they have been working hard with their teams to understand the lesson structure and utilize the resource to ensure that students are provided with rigorous and engaging math instruction. This common resource also allows for teachers to have important conversations about student progress as it relates to the curriculum and work together to share successful strategies to help improve and extend learning. A core group of teachers, one per grade level and mathematics interventionists, recently spent time collaborating with colleagues at AMS and MVVS while meeting with a specialist to review the resource and provide feedback.

### **Late Start Professional Development Topics**

We are utilizing late starts to provide teachers with critical collaborative team time. Due to our schedule, classroom teachers across a grade level do not all have a common planning time. The late starts for September and October are dedicated to grade level teachers engaging in important conversation and work on their grade level curriculum. Additionally, our student support service staff and special education teachers will be connecting with colleagues for ongoing professional development. One highlight of our work this past late start was the MyTime program staff kicking off their professional book group on The Behavior Code.

### **Partnership with St. Anselm's College & Student Teachers**

We are excited to share that we will have 5 full time student interns at Clark-Wilkins in the Spring of 2022 due to a new and exciting partnership with St. Anselm's College Education Department. This fall, many of those students will participate in observation hours, with some of them completing a lengthier elective internship, to get to know their cooperating teachers and classes before beginning full time in the Spring. In addition to our partnership with St. Anselm's, we have several students from SNHU and Rivier completing observation hours in classrooms.

### **Teacher of the Year Finalist**

Congratulations to Mrs. Victoria Boothroyd! She is one of six finalists for New Hampshire's Teacher of the Year. We are very proud of her and are lucky to have her as part of our team.

***Objective: Create and refine structures and supports to build an effective Multi-Tiered System of Support.***

**NWEA & Universal Assessments**

Clark-Wilkins students completed Fall NWEA the weeks of September 20th and September 27th. In addition to NWEA, our literacy and math interventionist teams and classroom teachers have completed universal assessments for all students to ensure that we have a solid baseline of information that is used to inform instruction and design enrichment and intervention programs.

**Tier 1 Behavioral Interventions**

Each week the leadership team meets with the school counselors, social workers, and BCBA, as a BAT team (Behavior Assistance Team) to review student concerns and develop plans for addressing school wide behavior needs. We utilize data collected from student behavior referral forms to determine priority topics and then develop plans of action to support staff and students. An example of a recent action plan from this group was to adjust the curriculum for Tier 1 guidance in grade 2 to focus on Zones of Regulation being taught to all students to help to develop strategies for regulating emotions. Mrs. Towne, the Wilkins school counselor, will be teaching this to all grade 2 students during her in class time, which is scheduled as a collaborative time for teachers to also participate.

**MTSS Core Team and Student Meetings**

The Clark-Wilkins RTI/MTSS core teams have met and student meetings have started, both with new referrals for students and check-in meetings on students who needed additional support in the Spring and Summer. Our literacy and math interventionists meet with each classroom teacher to discuss plans for targeted interventions and also to share instructional strategies and skills that the classroom teacher can work with students on during small group instruction in the classroom.

# Principal's Report

## Amherst School District

Amherst Middle School  
October 2021  
Bethany Bernasconi, Ed.D., Principal

### Middle School Excellence.

*Objective: To better use the time we are allocated to meet student needs*

- **Launchpad Update-** Launchpad is in full swing at AMS and begins students' and staffs' day each morning in grades 6-8. Launchpads all follow a common format, designed to build voice and community in these groups. During the August Inservice, AMS staff learned with Sarah Fillion more about the developmental characteristics of the various ages within our school in order to better understand our students. The learning looked at strengths and values of each age as well as the areas that challenge them. This allowed small groups to start discussing what this could look like in our mixed grade launchpads and how we can leverage each age's strengths to build a supportive community. Even within a grade level, 3 different ages of students can be included in a single class! The learning was interactive and able to be applied in our classrooms the very next day!
- **Wellness Wednesdays-** Our Social Emotional Learning (SEL) Team has created questions that engage participants in LaunchPad and Morning Meeting each week. We have affectionately titled this event Wellness Wednesday, where we take the time to engage students and staff in a conversation about the SEL competencies of awareness, self management, responsible decision making, and relationship skills. We are working to build understanding of SEL in our staff so that we can better support students. Our goal is to have SEL simply be part of who we are rather than something we do.

*Objective: Support a culture where staff and students love to come each day*

- **Staff Culture Club-** This group met recently to start looking at how to support our strong sense of community at AMS. This volunteer group came up with new ideas and shared successful ideas from our recent past. The conversations around small recognitions to large group participation was invigorating and heart-warming, reminding us of how lucky we are to be part of this supportive community of professionals. The group plans to try to offer 3 culture-building activities each month: a potluck lunch, a social event outside of school, and an activity/recognition/competition within the school day.
- **Clubs & Activities-** AMS is about to re-launch our afterschool clubs and activities. We feel with over half the student population being new to after school events at AMS and the opportunity to inject new ideas from our students, it was time for change. We have challenged staff with new student ideas for clubs and activities and are looking for staff submissions. Currently we have two activities that have already started. Mountain Biking Club and Student Leadership & Service began the week of September 17. Each club welcomed students across all grade levels to the exciting adventures they each offered. We plan to

add Jazz Band to the mix in the near future along with other options for students looking for their next adventure.

- **The AMS Eagle Challenge-** You may have heard of the Devious Licks challenge on Tic Tok encouraging students to destroy or steal school property. Unfortunately, while AMS has not been immune to this challenge, these acts do not represent who we are as a community. We are talking about this as a school community and ask that families partner with us to continue the conversation at home about the negative impact these acts have. There is such an alarming number of trends on social media that our students are exposed to. So many of them are harmful to both students and the community. As an adult, a parent, or an educator it is really hard to keep up and ahead of all of these destructive ideas. So let's change the narrative! In the announcements, we'll post about the AMS Eagle Challenge. The AMS Eagle Challenge will ask members of our community of learners to take action to build up one another and our community through acts of kindness, generosity, and encouragement. Maybe it's volunteering to help clean up a space after lunch or an activity, encouraging a classmate to share their ideas in class, holding the door for others, creating a positive sign for the hallway or bathroom, bringing in a small token to brighten someone's day. The ideas are endless! The AMS SEL team will be trying to "catch" students in the act to compile a slide show of all the ways AMS is great! Let's make this challenge go viral!

*Objective: Students, teachers, and families collaborate, using goals, to empower student success*

- **MTSS Updates-** We held our first data dive meeting Friday September 24. The purpose of Data Dives is to review grade level information to look for trends that can be celebrated or addressed in Core instruction. Each grade level has identified work on which to focus. Together, supported by administration and led by the MTSS teacher leadership team, we will utilize a new "Problem Solving" form to bring focus to struggling students. This is a strength-focused form and process on which to build momentum in helping students.
- **Late Starts-** Late Starts this year will be a balance between school wide training/professional development and staff proposals in support of our school wide goals. This balance seeks to continue to move us forward as a community of learners and also supports teacher voice in designing the learning and curriculum development work. Using the school wide goals, which are aligned to the district goals, to develop our late start plans helps to ensure that we are all working towards common goals in personalized ways. Together, this moves us forward as one community of learners. During our September late start, AMS staff focused on community and connection as we are all coming together after a disrupted school year, a training on HB2, and time for staff proposed plans including further developing our SEL supports/offerings, Assessment map evaluation, and overall curriculum collaboration.
- **Virtual Open House-** We hosted our virtual Open House on Thursday, September 23. The night was for all families of all our students beginning at 6PM with grades 5 and 6 and then again at 7:15PM for grades 7 and 8. Our staff shared their role, curriculum topics for the year and general overview of expectations. The energy and enthusiasm of our staff was contagious! So many commented on how nice it was to listen to their colleagues' passion for teaching, students, and the curriculum.
- **Leadership Learning Walks-** In September, AMS Leadership met with Steve Chamberlin to review our practices and procedures for observations. We then set out as a group to visit a few classrooms and discuss what we observed in each classroom. Steve then set up times to meet with each of us individually to complete more Learning Walks and work to improve our own practice of observing and giving critical feedback to staff that is reflective and actionable. The overall goal is to calibrate our

coaching of teachers and instructional practices. A number of teachers have already begun to ask for visits and feedback on specific aspects of their practice they are interested in improving.

*Objective: Support and create healthy, collaborative, flexible instruction spaces throughout campus in order to support personalized learning*

- **Campus Use and Outdoor Access-** Teachers continue to leverage our outdoor areas for classes throughout the school day. There are 6 distinct areas that teachers can sign-out up to a month in advance to conduct lessons and outdoor learning. In addition, many teachers are taking advantage of open areas for movement and mask breaks throughout the school day. The beautiful weather has supported outdoor PE nearly every day. Our science classes have been exploring the various habitats across the AMS/SHS campus including an 8th grade trip to the Souhegan River to begin discussing watersheds, water quality, and how humans impact the environment.
- **Outdoor Classroom Update-** Thanks to EVERSOURCE we received 12 large spools for seating and table space in our front and back yard spaces. The space in the rear of the building is being constructed as a new outdoor learning space thanks to a generous contribution from the Amherst PTA. We will be adding seating, a sail for shade and mulch for a more comfortable and welcoming space.

## Facilities, Finance, and Operations

- **Enrollment**

Grade	Aug.	Sept.	Ave class size
5	149	150	21
6	133	134	19
7	175	178	22
8	190	187	23
<b>Total</b>	647	649	

- **Building Update-** We now have both locker rooms free of the furniture housed there due to storage constraints last year, and open for student use. Classroom furniture continues to be an area of need when making sure we have a balance of what is needed for our students and enough storage and space for instructional materials.

The concern over the bee population at lunch time has been addressed. We have had two professionals, a beekeeper and pest control, consult on the issue. Removal is best conducted by the beekeeper however, they are unable to do so without a specific hive to move. The identification of the species of bees is primarily honey bees. This helps, knowing they are not aggressive yet difficult as they can travel up to two miles from their hive when out collecting. We will be temporarily moving lunch inside to test and strengthen our indoor lunch supervision in preparation for the upcoming seasonal weather and alleviate most of the stress for eating lunch outdoors.

Arrival and dismissal procedures are going well, though we have some concern for our afternoon pick up increasing. The fall season brings increasing athletic participation and a decrease in the number of students departing at 3:24pm each day. This will likely change near the end of October as athletic teams wrap up their seasons and we see an increase in pick-up. We are already working to reduce the congestion on Cross Road and speed up dismissal in preparation. Our parking is limited for staff and have begun offering staff parking in the back student lot of Souhegan, which eliminates the need to park

in front of the building. We have twenty spots along our back field that staff can now use and enter the rear of the building at a door with key card access. This change has allowed us to add the three lanes of traffic to our front blacktop area in order to conduct two lanes of pick up each afternoon. We are also using the Cross Road loop, off of Windsor Drive, for overflow from families lined up in our parking lot to alleviate the congestion on Cross Road in front of AMS.

- **School Breakfast & Lunch Program-** “Free Food” is all they needed to hear. Our school lunch program has seen its numbers more than double as we are now serving well over 300 meals consistently each day. This is wonderful and welcome to the kitchen staff; however, it also comes with concerns for efficiency about delivery and time to eat. We do not rush students to finish their lunch and also are working with Food Services to provide the same level of service and adequate time to eat for every student. We continue to monitor our numbers and make adjustments to find that balance of best practice. Students are encouraged to memorize their student identification number and be prepared to request items from the menu for the day. These two factors alone cause students to delay their experience when in line.
- **Athletic Shed-** Thank you to Elysse Bell and Lucie Hodgdon who worked on their Silver Award Project representing Girl Scout Troop #22802 and constructed a new shed for AMS Athletics. The shed now resides by the batting cage alongside a previously constructed and already filled shed for supplies. The girls completed this project through the challenges of a pandemic finding donors and resources to support and make this new structure a reality.
- **Building and Planning for the Future-** Banwell Architects met with a group of AMS faculty and staff On Thursday September 16th to share out the processes and plans for the AMS building renovation to date. Staff were able to review proposed plans and better understand the considerations and how their voices contributed to the current designs. Great questions were asked and we will continue to meet with groups to refine the plan to truly create a space that will support learning into the future!

## Kindergarten Update

Kindergarteners are adjusting well to school procedures and expectations. In math we are working on number sense to five. We have practiced writing, counting, and showing numbers to five. Kindergarteners are working on creating and naming patterners. We are becoming subitizing pros!

In language arts we are working on lowercase letters t, b, f, m, n, u and i. We are working recognizing the initial and final letter sounds in a given word, rhyming words, and we are able to put together and breaking apart compound words. Kindergarteners are working on recognizing that sentences start with a capital letter at the beginning and ending punctuation. We are learning about what readers do and how to become efficient readers. We are working on understanding characters and settings of books. We are also working being able to retell a story starting at the beginning, telling about the middle, and the end. In science we are being weather watchers! We are looking at the weather and we can notice seasonal patterns.

## Grade 1 Update

First grade is off to a great start! We have spent the majority of our first couple weeks establishing classroom procedures, routines, and expectations. Students have learned a lot about our daily schedule and are adjusting well to first grade. We have just finished Unit 1 of our Foundations program. Skills we worked on were reviewing the letters, their sounds, proper formation, and alphabetical order. We have also begun our first unit in our Reading Workshop. Right now our focus is to build good reading habits, as we practice our reading every day.

We just wrapped up our first unit of math, Numbers All Around Us. In this unit first graders explored and communicated about numbers. We worked to develop number sense and number combinations. It also introduced important math models such as the number rack and ten frames.

## Grade 2 Update

Second graders continue to work on cooperation and collaboration. In math, students have made number racks and number strings to solidify their fact fluency to 20. These also provide concrete models to help solve story problems. Students have been counting by 2s, 5s, and 10s starting at any given number and visualizing groups of 5 or 10.

During literacy, students have been working on strategies for understanding unfamiliar words. They have practiced looking for familiar word parts, using context clues and pictures, and making sure the words sound right. Students have also been thinking like scientists. They have learned to identify animal characteristics in order to group them. Students explored how different bird feeders attract different types of birds. Then each student designed and built a model of a feeder that attracted a bird of their choice.

## Grade 3 Update

Third grade students have been SOARing through the first month of school! Students have been working to build a classroom community, all while working through our first units of the school year. In reading, students have been practicing to “set themselves up for success” when reading at school and at home and practicing the skills to understand a story. These skills include retelling stories, making connections, and making predictions. In writing, students are studying the author and illustrator, Patrica Polocco. We have read many of her stories so far, focusing on what she chooses to write about, how she chooses to share her stories, and even studying her illustrations! In Foundations, students have been reviewing and building upon second grade skills, such as identifying and marking digraphs, glued sounds, closed syllables, and closed syllable exceptions.

In math, students have practiced many strategies to add and subtract. Some of these strategies include making tens, using number lines, and adding to subtract. Students have loved the Work Place activities that reinforce the skills taught in class. Throughout the month of September, students were also building foundations skills of multiplication through the Number Corner unit, which included studying different models of multiplication and even writing equations.

## Grade 4 Update

### STEM:

In fourth grade, we started the year with getting to know you activities, STEM Challenges, goal setting, and learning about growth mindset. Now in math, we’ve been focusing on the importance of place value when estimating, comparing numbers, adding, subtracting, and solving real world problems. Next, we’ll be learning about multi-digit multiplication. In science, we have been investigating Earth’s features and processes. So far, we’ve explored where volcanoes can appear in the world and why different types of volcanoes have different types of lava. Next, we’ll be exploring weathering and erosion.

### Humanities:

In reading, we started the year making inferences and learning about the importance of choosing “just right” books that also interest us. We learned how to do a synthesis retelling by retelling only the part of the book we’ve just read, then summarizing the related backstory and have used envisionment strategies to see and hear inside the texts we read. We’ve practiced reading to develop defensible ideas about characters and practiced how to decide which

details are significant. Next, we will be finding meaning in repeated details, finding complications in characters, and grounding evidence back in text.

In writing, we have been developing our realistic fiction piece we will be writing. We have been imagining stories from ordinary moments and stories we wished existed to give us ideas. We have been working hard to develop believable characters and give those characters struggles and motivations. Next, we will be plotting with a story arc and drafting and revising with an eye toward believability.

In social studies, we are learning about New Hampshire's geography. We've focused on introductory map skills, first with maps of New Hampshire then expanding to larger maps. We have learned the difference between human and physical features and practiced identifying them on various maps. We also spent time identifying where we are and where we are relative to other locations in the state. We have started looking at topographic maps and how they relate to the land types in New Hampshire. Next, we will continue discussing the land types and learn how they were formed by glaciers before moving on and learning about the geographic regions of the state.

## Grade 5 Update

### STEM:

It has been a busy September in grade 5 math and science. Our first science unit is called "Our Place in the Universe". The focus of this unit is on patterns of day and night based on sun's placement in the sky and the length and directions of our shadows, as well as seasonal patterns in the sunlight we receive and the constellations we see. Students will also learn about the impact of gravity on earth. So far we have started the unit with a brief research planet project and jigsaw so that students could become more knowledgeable about our solar system before we jump in to more complex topics. In math class, we have been learning about volume and surface area. During this study the students have also been practicing writing expressions and learning about the order of operations. This has all been done while solving<sup>18</sup>a

problem over multiple days in which students needed to select the most cost effective boxes that could be built for shipping baseballs. The students have also learned and played several new math games. During our "Number Corner" sessions, students are learning about fractions and decimals as they relate to clocks and money.

#### Humanities:

In reading, students are learning about plot elements and realizing that stories follow a predictable pattern. Students are then using this knowledge in helping them write summaries of stories with just the right amount of information. Also, students are practicing making inferences, determining a theme of a story, answering open response questions with evidence to support their thinking, and reading aloud with expression. In writing, students are learning various writing techniques to enhance their stories. This includes incorporating figurative language, writing dialogue properly, knowing when to be descriptive and when not to, etc. In social studies, students have learned a little about each continent and some map skills. They are studying early exploration and are currently going through a simulation to see the various hardships early explorers faced.

## Grade 6 Update

#### STEM:

We started off the year with a review of fractions to prepare students for the proportional thinking required in sixth grade math. We are now working on representing positive rational numbers on a number line and using these number lines to order and compare numbers (whole, decimal, and fractional). We will also work on determining the prime factorization of numbers, which will support students in determining the greatest common factor and least common multiples of pairs of numbers. This is beneficial when finding the simplest form of fractions (greatest common factor) or when finding a common denominator (least common multiple). In science, students enjoyed familiarizing themselves with the scientific method and teamwork in a lab setting by starting off the year with STEM labs. Now, students are learning about weathering, erosion, and deposition, how these things contribute to the rock cycle, and how the rock cycle allows scientists to understand how the Earth has changed over time. They have been exploring these processes through hands-on activities and are beginning to model the work of scientists.

#### Humanities:

We are finishing our look at the Elements of a Story next week and we will begin our first novel study. During this time the students will put into practice analyzing what we read by being able to answer questions by providing textual evidence to support our thinking. We have also completed a few informational reading articles to look at main idea and supporting details. In Social Studies, we have been trying to improve our understanding of Latitude and Longitude through various different activities and we are putting our new knowledge of the Five Themes of Geography into practice by looking at the state of New Hampshire through this lens. Students will then be assigned a state to research using the Five Themes to guide them. This will be their first attempt at presenting their work to their peers. Once this is complete we will begin our adventure into the study of Early Humans.

Amazing Work

## Art Update

School spirit continues in the art room! We identified the symbols in the school logo, and talked about the meaning behind the school's mascot. Grades 3-6 dove deeper into symbols and broke down the logo into its symbolic meaning. We started with questions like, what does the rising sun signify in relation to your school? What could mountains represent besides the literal connection to the MV hills? And how is the soaring falcon connected? What could its meaning be? Each class identified logos on their clothing, and from memory- older grades learned this as a design and marketing technique. Students were asked to recreate the school logo, keeping the symbols they like, or changing it entirely. Their designs will be used for Square 1 fundraiser art and sell school spirit merchandise. Other learning goals from this lesson: Younger students k-2 were shown how to draw a soaring falcon. 2nd grade learned how to make block letters to make it stand out in their design. All students understand best effort and what it looks like, and its relevance to creating stellar vs sloppy square 1 designs. Watercolor options and brief management skills were introduced. Grades 2-6 had choice to use sharpie or oil pastels to trace over their final designs, and could fill with oil pastels, watercolors or markers. K-1 could use oil pastels to trace their lines and fill with watercolor and are beginning to learn process, technique and management skills.

Family unit will be next- all grades will be learning age appropriate ways to draw the portrait with various mediums.

## Spanish Update

This month we continued to discuss Hispanic Heritage month, specifically the celebrations which take place during the Independence Day of Latin American countries and how those compare and contrast to our July 4th celebration in the United States. The students have been reviewing and practicing their greetings in Spanish. We have also delved into Spanish immersion in classes, aiming to speak only in Spanish for up to fifteen (15) minutes of class. I have been so pleased by the overwhelming enthusiasm of the children to challenge themselves to speak in Spanish for longer each class. We have practiced Spanish immersion through the method of circumlocution whereby children can feel confident that even if they do

not know the exact translation of the Spanish word, they can figure out the word through the context and other familiar words.

Grade 6 students are preparing a PowerPoint presentation of their family tree in which they have labeled their family members in Spanish and describe the emotion conveyed by family members in the photographs they provided.

Grades 1-5 have completed units on greetings, emotions and family members. With this knowledge, they are building their own printed family tree which they will be working on in class. Kindergarten continues to work on becoming more comfortable with greetings, mainly through songs, videos and games. It has been such a pleasure to work with students in cementing their foundational knowledge of Spanish.

## Physical Education Update

Grades K-2: Students started off the year developing and reinforcing locomotor skills (hopping, skipping, sliding, galloping, running) while incorporating various games and relays with hula hoops, cones, balls and dice. Students also reviewed the importance of how to S.O.A.R properly in PE class: use kind words/sportsmanship, take turns/teamwork, be safe, and respect yourself, others and equipment.

Grades 3-6: Students started off the year with a unit on Soccer. While learning and performing the various skills and drills associated with soccer (dribbling, passing, kicking), students also reviewed the importance of safe spatial awareness, respecting personal space and boundaries, and working independently and cooperatively. We incorporated lots of equipment (beach balls, scooters, bowling pins) while playing various types of soccer games.

## Library & Technology Update

Digital citizenship lessons are continuing with a focus on cyberbullying, how to be a good digital citizen, internet safety and media balance. We are studying New Hampshire award books, learning about the history of banned books, typing, coding, and listening to various read-alouds. All students had the opportunity to participate in hands-on makerspace activities during testing week.

## School Counselor Update

This month, in the lower grades the students have started Unit 1, Skills for Learning, of the Second Step program. This unit is designed to teach students how to Focus Attention, Learn to Listen, Follow Directions, Be Respectful and has introduced Self Talk. The upper grades have focused on Learning Empathy, Listening with Attention, Being Assertive and Working in Groups. All grades have been taught these skills and then were given opportunities to practice them through group games and partner work during class.

Next month, the lower grades will continue to work through Unit 1 and learn about Empathy and Being Assertive. They will continue to practice these skills each day. The upper grades will be finishing up Unit 1 and then moving on to the next unit, Learning Emotions. The classes will continue to be given opportunities through partner and group work to practice and refine these skills.

## Special Education Update

The special education team has been excited to welcome students back into the building this year! Those students who participated in services via remote modality have seamlessly transitioned into the in-person setting. Additional supports for the transition are available through our counseling office as needed.

Select students who qualified for Extended School Year (ESY) services participated in an in-person modality, project-based program throughout the summer. The program was successful in offering a Roblox theme that promoted continued engagement, while minimizing skill regression. This was the first ESY program that has been held in-house in years, and we were thrilled to offer this opportunity to our students who require this level of support. As a result of our efforts, students who participated in the program were ready to jump into new learning already this school year, along with their peers.

After a successful summer, the start of the 2021-2022 school year has continued to be productive, with many special education and related services beginning for students day one. Team members support students in special education and regular education settings, and continue to support many students during WIN times. The team is always excited to work closely with classroom teachers, and are thankful for their partnership in supporting all students!

The special education team has also been working to assist with schedule development for the Fall 2021 NWEA assessment. The team has identified accommodations necessary for students, and has worked to implement those accommodations in the test setting. We are very pleased that students have put forth great effort in taking these assessments, and we are excited to use this data to inform our instruction. As a universal screening tool, the Fall 2021 NWEA scores will also identify students of concern. The special education team looks forward to assisting to develop an RtI process that will further address these student needs.

## School Psychologist Update

Special education re-evaluations are in process and on time. Evaluation planning meetings with parents have been held and will continue to be scheduled as needed. Teachers are currently observing and evaluating student needs to determine the need for referral to special education.

## Reading Specialist Update

September has been busy! Dr. Holm has met briefly with each MV student to screen for reading concerns, as well as assisting with NWEA assessments in small group settings. Kindergarten and first-time MV students in grade 1 have also been screened for Dyslexia, per the NH state requirements. Parent notification and permission slips for RTI sessions in grades 1-6 have gone home and nearly all have been returned. (Kindergarten support will be push-in 2 days per week in each class.) Approximately 25 students in grades 1-6 will receive targeted literacy support for the first term.

## Math Specialist Update

As always, we are hard at work in improving math opportunities and instruction at the Village School. As a math interventionist, the focus of my September has been two-fold. On one hand, I am supporting teachers as we embark on a year of piloting new programs. Through many training opportunities, our teachers have altered their methodology in regards to math instruction. Students have taken the center-stage and have been learning to be problem solvers who hone their skills by sharing new strategies and instructional models. Both of these pilot programs were developed by teams of people well-versed in best practices as well as research on how the brain learns math. As a staff, we were well on our way to offering exemplary instruction. However, these programs provide resources that are proven to be rich, engaging and effective. Adopting a new program is the next step in enhancing our classroom offerings. We have experienced some growing pains, but all teachers are striving to bring fidelity to the program as well as maintain momentum and excitement. Teachers also generally report that students love the "Work Places", game based activities.

Another focus has been using our Bridges Intervention Program to further assess students on gaps in learning and relative soft skills. This is critical as students have missed pockets of instruction during the pandemic. I have grouped students based on needs, allowing me to cast a wide net and service a variety of student needs. Five groups have begun pull-out sessions during WIN time, providing the opportunity for targeted instruction for a cycle of three, thirty-minute sessions for six weeks. Some groups are getting intensive instruction in fluency strategies while others are learning how new models can develop deeper understanding of multi-digit operation. Beyond the five pull-out groups, some groups are receiving push-in intervention to fill in gaps as they present themselves in daily instruction. No matter the vehicle, we are all looking forward to the chance to grow as competent mathematicians.

## MVVS Outdoor Classroom Space

- We are making terrific use of our outdoor classroom space in the bird garden. Again, a big thank you to our PTA for providing the whiteboard. We have reached to the staff to ask about additional equipment, supplies, or materials that would help make this a more useable space for instruction
- Mr. Preston and I met with the fire chief in September to review options for a more permanent outdoor classroom. Additionally, I have had conversations with teachers. It is our feeling at this time that the current outdoor classroom space is meeting our needs.

MVVS staff was surveyed on how they feel we can better equip our current space for instruction.

# Souhegan High School

## PRINCIPAL'S REPORT---September 2021

I hope all is well. There has been a positive buzz in the building all summer as we plan for the 2021-2022 school year and I appreciate the opportunity to update the Souhegan School Board on our efforts. We strive to create the best educational experience possible for all the students of Souhegan and the priorities shared below, along with updates that follow, serve to highlight our work to evolve and improve Souhegan in both the short and long term.

### **I. Strategic Vision & Building Priorities**

Our priorities for the 2021-2022 are aligned to the SAU 39 Strategic Vision. Updates in subsequent sections align to each of these priority areas.

- 1) **Culture & Accountability (Anchoring Adult):** Create a school-wide approach to school climate, student accountability, and classroom culture.
  - Recommitment to the Souhegan Six
- 2) **Teaching & Learning (A Challenge that Prepares):** Create and grow a culture of teaching and learning throughout the school.
  - Make teaching and learning the most prominent responsibility of staff and students
  - Focus the energies of teachers to allow for growth in instructional strategies
  - Examine and refine supervision and evaluation practices
- 3) **Personalized Success Plans (A Unique Roadmap to Success in a World of Change):** Implement a plan to develop personal success plans for a group of students during the 21-22 school year.
- 4) **Governance & Decision-Making:** Develop a system that will allow us to pivot more easily as we develop a better educational experience for our students, families, and teachers.
  - Maximize organizational efficiency
  - Encourage staff and students to have a voice and provide input
  - Strengthen the relationship between Community Council, staff and administration, and School Board

### **II. Facilities, Finance, and Operations: 2021-2022 Enrollment Numbers**

	Souhegan			Home School	
Grade	June	Sept 2021		June	Sept 2021
9	162	171		4	2
10	179	163		0	4
11	190	184		1	0
12	178	188		0	0
Total	709	706		5	5*

\*Remote homeschool students are counted into enrollment numbers. 4 students (1 in 9th, 3 in 10th) are FT Remote Homeschool students and 2 are FT Homeschool students (1/9th, 1/10th) enrolled in a couple of Souhegan classes.

### III. Updates from the Dean of Students

**Recommitment to the Souhegan Six:** With the year underway, we have been taking advantage of time at Saber Spotlight to start the discussion around the Souhegan 6. Posters have been placed around the campus and initial observations have shown many teachers and staff discussing these principles with their students. As we move forward, we will capitalize on teachable moments to reinforce the Souhegan 6 and work on weaving this into Advisory time.

**Guided and Supportive Accountability:** We are continuing to focus on reinforcing the Souhegan 6 principle “be on time to fulfill your daily commitments.” As we expected coming back from a COVID year, some students are struggling to arrive at class on time for various reasons. As we continue to address this, we are placing large value in staff presence, having our SRO, Campus Coordinator, Dean of Students, Principal, Athletic Director, and various other staff members constantly being present and available for students.

**Saber Spotlight:** Saber Spotlight has been a great opportunity to bring the school together as a community. Recently, the ethics committee was able to utilize the spotlight to promote and explain Hope for Gus week. Community Council, Theatre Department, and Class Leadership have used this opportunity to present information as well, with other clubs and students reaching out to have a slide in upcoming spotlights. Student and staff responses have been positive and encouraging.

**Hope for Gus:** The Ethics Committee have been selling Hope for Gus merchandise outside of Jon Barry’s office since the start of the school year. At the football game on Friday (9/17), there will be tables and merchandise for sale followed by a bonfire in the student parking lot. On Saturday (9/18), there will be a homecoming dance outside next to the annex, with proceeds of all of these events going to Hope for Gus.

### IV. Updates from the Dean of Faculty

**Staff Steering Committee:** The Staff Steering Committee is an elected representative group that works in an advisory capacity with the administration to help our school be a place for equitable voice and to facilitate our work to provide the highest quality educational experiences for all. At the first meeting in August the group reviewed SAU 39 and Souhegan priorities to organize for collaborative work and elected Travis Nason and Dana Curran as co-chairs. September’s meeting will focus on budgeting and the Honors Challenge.

**Teaching & Learning:** During the Retreat in August we communicated our goal to make teaching and learning the most prominent focus for teachers, students, and the community. Our efforts are bolstered by partnerships with teachers that focus our collective energies around the examination of instructional practices and a commitment to professional growth. We began our work in this area by setting a goal of two classroom visits with each teacher during the month of September. The purpose of these visits is to cultivate our partnerships and establish norms. We are well on our way to achieving that goal and as of 9/17 we have visited more than 100 classrooms. We have been impressed with the level of care for our students that we have observed during our walkthroughs.

**Communities of Practice:** Adult learning will be supported this year through Communities of Practice, which will meet during Tuesday late start days once a month with additional time during certain administrative meetings. This new practice is the result of a proposal passed by the Faculty Senate in 2020 to shift away from Transformative Learning Communities. Etienne and Beverly Wenger-Trayner define

Communities of Practice as “groups of people who share a concern or a passion for something they do and learn how to do it better as they interact regularly.” This year groups of 8-11 staff members will explore teacher-developed topics related to improving the educational experience for all Souhegan students: Social Emotional Learning, Pathways and Student Agency, Formative Instructional Practices, and Culturally Responsive Classrooms.

#### **V. Updates from Student Services**

**Advisory:** Students are off to a good start in advisory. Each month advisors are given a document that outlines “common experiences” for advisory, including nuanced grade level information and suggested activities. September has focused on understanding the SHS Mission statement, recommitting to the Souhegan Six, coming together as an advisory and establishing group norms. Moving forward we will be integrating Social Emotional Learning (SEL) competencies, in theory and practice, as well how SEL dovetails with the SAU39 Portrait of a Graduate.

**Student Services Team:** Much like most young people around the country, our students are needing significantly higher social emotional support as we enter this school year. Although we have a number of new faces in Student Services, the team is running like a well oiled machine. We are also taking proactive measures to promote student wellness. We have our school Social Worker present at Saber Spotlight on a weekly basis about important SEL/mental health topics to help encourage conversation, and destigmatize help seeking. The focus this month has been on getting reacquainted with a full school schedule, engaging in better sleep hygiene and how/where to access resources. September is also Suicide Prevention Month. We will be discussing this topic in the upcoming weeks, with an emphasis on hope, resilience and again, access to resources.

#### **VI. Updates from Counseling Department**

We have had a great start to the year!

- Schedule changes are currently taking place - Add/Drop deadline is Sept. 15
- 75+ colleges have currently scheduled their fall visits at SHS (both in person and remote).
- Senior college application season has begun! Senior College Night planned for 9/21
- Seniors are in the process of scheduling their post-secondary planning meetings with counselors during the month of September.
- Counselors have scheduled presentations in senior English classes and advisories to discuss post-secondary planning.
- NWEA is scheduled to be administered to freshmen and sophomores Sept. 20-27.

#### **VII. Updates from Athletics**

Our Athletics website has a new home. This site will be updated regularly and includes coaches contact information, Fall schedules and other information.

- <https://kbraley6.wixsite.com/souheganathletics>.

##### **2021 Fall Season:**

We have approximately 284 student-athletes participating in athletics this season and another 25-30 participating with the rowing club.

## **VIII. Looking Forward**

**PSAT:** We are looking forward to hosting the PSAT on October 13, 2021.

**Senior Hike:** Currently, the Class of 2022 is exploring alternative options as the hike will not occur due to lack of transportations.

**Classroom Observations:** Our plan is to continue to get to visit classrooms in October to conduct teacher observations and to provide feedback.

## **IX. Calendar of Events**

### **September:**

09/21 - Senior/Parent College Night  
09/22 - Club Day  
09/23 - SHS Picture Day  
09/27 - SCSB Meeting

I. Call to Order

**Chair of the SAU #39 Board, Mr. Stephen O'Keefe, called the meeting to order at 6:00PM.**

He noted that Mr. George Torres is in attendance via phone.

He asked Mr. Torres if it was impossible for him to be here and if he was alone.

Mr. Torres replied yes and he is alone.

II. Public Comment I of II

Mr. Arron Kaplan, Mack Hill Road, Amherst NH, commented that he was very pleased with last year's school year. He recommended that the students at the elementary school use face shields. He shared a story and noted his research in support for face shields noting it is a good middle ground. This will also help to alleviate a lot of the concerns about face masks.

Ms. Marilyn Gibson, Mack Hill Road, Amherst NH, commented that she is pleased with Curriculum Mapping being on the agenda and noted the three letters she has placed in the *Milford Cabinet*, SAU #39 and Transparency, A problem in SAU #39, and Kicking the Can at SAU #39.

33 “SAU 39 and Transparency

34 *It would be a great travesty to our SAU (especially its teachers) to not applaud them for their*  
 35 *outstanding commitment to educating out children throughout the last 18 months, otherwise*  
 36 *known as Covid. Congratulations goes out to those within the SAU that navigated uncharted*  
 37 *waters safely.*

38 *Having followed the board meetings in the town of Amherst, I believe I have a good reading of*  
 39 *those goals. Hence, priority one goal is to educate our children, goal two requires the SAU’s*  
 40 *integral parts be responsible to its citizens. Overall, these two goals can be challenging.*

41 *Education is a complex science; many variables and philosophies are in play. Obviously,*  
 42 *residents place trust in elected officials, school boards, therefore, relying on them to make*  
 43 *choices benefitting residents and educating their children.*

44 *However, there exists obstacles to residents who make inquiries and valid recommendations that*  
 45 *are ignored. There are critical issues, the foremost being transparency within our district.*

46 *Transparency is a double-edged sword, likened to the devil you know is better than the devil you*  
 47 *do not know. But damned if I do and dammed if I don’t. The SAU would like citizens to be able to*  
 48 *find answers to their questions. Yes, answers to these inquiries are offered- masked in rhetoric. A*  
 49 *maze/labyrinth can be frustrating.*

50 *There are two questions for the SAU that have been ignored. First, what is the “Equity Project”*  
 51 *being created in the SHS? Second, why are the meeting minutes of the project not being*  
 52 *published for the citizens to view?*

53 *Right to Know?*

54 *Lastly, our citizens, employers of the SAU, demand to have their suggestions heard to benefit the*  
 55 *education of its children. If that cannot be done through the board meetings, what od its*  
 56 *members propose? The proposition is transparency.*

57 *Marilyn Gibson, Amherst NH.*

58 A problem in SAU 39

59 *Now that the school year for most children, teachers, parents, and guardians has come to the*  
 60 *finish line, there appears to be a problem that has existed for an exceptionally long time within*  
 61 *the SAU 39.*

62 *As a parent and grandparent of children who went through the system and attended Amherst*  
 63 *schools, my experience includes receiving report cards, attending parent teacher conferences,*  
 64 *being partisan to an IEP, and assisting children with homework, projects and test prep. The*  
 65 *angst that I experienced and still do is connecting the dots.*

66 *Dots are curriculum, class work, homework, standards and more. Best practices is a buzz word*  
 67 *with great significance. We all want our teachers and district to use best practices. Dr. Arendale*  
 68 *notes, “Best Education Practices, the wide range of individual activities. Policies and*

69 programmatic approaches to achieving positive changes in student attitudes or academic  
 70 behaviors. This umbrella term encompasses the following designations that differ on the level of  
 71 evidence supporting desired student or institutional outcomes: “promising”, “validated” and  
 72 “exemplary”. (<https://www.arendale.org/best-education-practices>) The definition covers a lot;  
 73 however, one best practice is that of curriculum mapping. Hence the problem in SAU 39 is not  
 74 using a best practice, that of curriculum mapping.

75 When in the educational field you should be knowledgeable of Heidi Hayes Jacobs. “Heidi  
 76 Hayes Jacobs, EdD, is an internationally recognized expert in curriculum development, vertical  
 77 planning modern assessment design and 21<sup>st</sup> century strategic planning. Her model for  
 78 curriculum mapping is used throughout the world” ([https://www.solutiontree.com/heidi-hayes-](https://www.solutiontree.com/heidi-hayes-jacobs.html)  
 79 [jacobs.html](https://www.solutiontree.com/heidi-hayes-jacobs.html))

80 What are the concerns when not using curriculum mapping? In brief, parents and guardians  
 81 need to know the curriculum being taught to our child/children. More essential than that, is  
 82 knowing the standards that are aligned to every domain (albeit that is in the skeleton the SAU  
 83 uses on its web site). It provides when done correctly, the essential questions for each unit, the  
 84 exact resources used, the formative and summative assessments and the rubrics (4,3,2,1) for  
 85 each unit. Therefore, it provides a sequence for teaching and learning. It provides a diversified  
 86 educational tool.

87 Curriculum mapping provides a platform that teachers share within the domain horizontally and  
 88 vertically; therefore, a tool for parents and guardians providing the essential information they  
 89 need. Each school year, over the last several the administration has reconfigured leadership  
 90 teams, curriculum coordinators, specialists (math and reading) to shore up education of our  
 91 children. Now, the district has not one but two assistant superintendents, charged with providing  
 92 what curriculum mapping would do and less costly.

93 Professional Development for Curriculum Mapping is provided for within the budgets of the  
 94 SAU, ASD, MVSD and SCD; however, it will go for another goal, a project that has not been  
 95 productive for the education of our children, as seen in our standings and test scores in NH. SAU  
 96 39, use the taxpayer money wisely with curriculum mapping opportunities and invest wisely in  
 97 our children’s education.

98 In conclusion, curriculum mapping is best practice that affords accountability and ownership for  
 99 teaching and learning. SAU 39 must move forward implementing PD for curriculum mapping  
 100 while providing an efficient teaching and learning tool, a best practice.

#### 102 Kicking the Can at SAU 39

103 “When you ‘kick the can down the road’ you’re not just solving the immediate problem,” said  
 104 Joseph Thorndike (an American editor and writer). “You are guaranteeing the arrival of a new  
 105 problem. You kick the can down the road, you will get to the can again”.  
 106 (<https://www.google.com/search?client=firefox-b-l-d&q=define+kicking+the+can>)

Well, we certainly heard the phrase and often used it. (That's if you had a good upbringing and respectable education). Not like the procrastination, delaying something. There is no problem indicated in procrastination; yet there is in "kick the can down the road", eventually it returns and with a new problem. For example, maintaining buildings, if not done yearly, will only bring maintenance headaches back in greater measure.

Curriculum in SAU 39 is kicking the can down the road. Credit is due for SAU 39 does post the framework of its curriculum, along with the state standards to which it is aligned. Parents, future residents, and others who are concerned about what is being taught in our schools, K-12, have only framework at the SAU site. For example, what resources are being used, what assessments- both formative and summative- are given, what alternative sources are used when students need a challenge or when students have learning disabilities? Where can parents find the answer to each question? Curriculum mapping brings clarity to everyone.

"Curriculum Mapping is the process of indexing or diagramming a curriculum to identify and address academic gaps, redundancies, and misalignments for purposes of improving the overall coherence of a course of study and by extension, its effectiveness (a curriculum, in the sense that the term is typically used by educators, encompasses everything that teachers teach to students in a school of course, including the instructional materials and techniques they use). It basically is how educators plan what subject content students will learn over the course of the year. In many places, it is done over a four-to-six-year plan, building off of content from one year to the next. It follows a logical, time progressive order to give the students a well-rounded and comprehensive educational experience". (<https://www.usd320.com>)

Ironically, there is an answer to each question and its in curriculum mapping. While helping parents, teachers, students and prospective residents, curriculum mapping has been avoided in SAU 39. It offers so much, parents would know the material and the resources, the assessments and rubrics, the sequence and its timeline, the modifications for struggling students, the state standards and alignment and so much more.

When invited to engage in discourse regarding curriculum mapping, the administration responded: "While I do not share your belief in Curriculum Mapping, I do fully support the notion that our schools should remain transparent, approachable, and available to our community".

Teachers benefit with curriculum mapping in place. There are funds for professional development within the district and at conferences/workshops as well as part of a teacher's contract. Teachers gather to share their resources, teaching tactics, common assessments, best practices, alignment and can open doors to the first-year teacher.

Transparency is critical in every area, including education. Curriculum transparency is a responsibility owned by the school boards, administration, and teachers for they are the ones disseminating what our children learn. Curriculum mapping affords transparency that all deserve.

145 *Therefore, there are only benefits for all involved when curriculum mapping is adopted by the*  
 146 *district. The time for discourse and action is now. Why would curriculum mapping be the can*  
 147 *kicked down the road? What reason can there be not to employ curriculum mapping in district*  
 148 *39?*

149 *Submitted by Marilyn Gibson, Mack Hill Road, Amherst NH."*

150 The Board thanked Mr. Kaplan and Ms. Gibson for their comments.

201 Mr. O'Keefe,

202 I would appreciate if you would please forward this message to the entire school board. This  
203 article, published in New York Magazine, details how the CDC's own large-scale study of  
204 schools in Georgia (with 90,000 participants) found that masking had "null effects," but the CDC  
205 has chosen to leave that information out of their study summary. From the article:

206 "That a masking requirement of students failed to show independent benefit is a finding of  
207 consequence and great interest," says Vinay Prasad, an associate professor in University of  
208 California, San Francisco's Department of Epidemiology and Biostatistics. "It should have been  
209 included in the summary."

“The summary gives the impression that only masking of staff was studied,” says Tracy Hoeg, an epidemiologist and the senior author of a separate CDC study on COVID-19 transmission in schools, “when in reality there was this additional important detection about a student-masking requirement not having a statistical impact.”

Also from the article:

After the CDC and the American Academy of Pediatrics issued their student-mask guidance last month, I contacted both organizations asking for the evidence or underlying data upon which they had based their recommendations. The AAP did not respond to multiple requests. The CDC press office replied that since children under 12 cannot be vaccinated, the agency “recommends schools do universal masking” and included links to unrelated materials on vaccines and a recent outbreak among adults. Over the course of several weeks, I also corresponded with many experts — epidemiologists, infectious-disease specialists, an immunologist, pediatricians, and a physician publicly active in matters relating to COVID — asking for the best evidence they were aware of that mask requirements on students were effective. Nobody was able to find a data set as robust as the Georgia results — that is, a large cohort study directly looking at the effects of a mask requirement.

Given the profound LACK of scientific evidence to support masking children, it is incumbent on the school boards to reconvene and remove the mandatory masking requirements for Amherst school children. Parents may choose to mask their children if they believe that is what comports to their belief system but making this a compulsory requirement is not supported by science.

Expanding Superintendent Steele's power as proposed, is unacceptable. He should have no power based on his past actions, in my humble opinion. He should actually be replaced for the damage he has done and his inability to communicate when he doesn't like what someone has to say. He needs to be regularly reminded that we pay him. If he doesn't like that, he should find the door and use it.

Punishment of any child for not following arbitrary rules not made by the voters or the legislature are unacceptable and should be met with swift legal action and removal of any and all of the people's employees that are involved in such action. I think further research as to mask and other protocol efficacy should be done by all involved, not cherry-picked studies before the draconian measures are leveled at innocent children. 297 IV. Consent Agenda

298 Mr. O'Keefe noted that he will go in order and see if anyone has questions.

299 Ms. Parisi added that she has a question about #7. 22-23 School Calendar. She is questioning the  
 300 Conference Day on Tuesday, November 8<sup>th</sup>.

301 Mr. Steel replied that there is a Federal Election on that day and two of the schools hold  
 302 elections. They need that conference day anyway.

303 Mr. Gauthier asked about 23<sup>rd</sup> of December and January 2<sup>nd</sup>.

304 Mr. Steel replied that January 2<sup>nd</sup> is a federal holiday. Additionally, after consulting the various  
 305 teacher organizations they noted that the day before Christmas Eve will not be a high attendance  
 306 day.

307 Mr. Coughlan asked about attendance on June 8<sup>th</sup> vs Dec 23<sup>rd</sup>.

308 Mr. O'Keefe asked for other questions about the school calendar.

309 He added that he would like start the day after Labor Day.

310 Ms. Grund asked about the #8. Technology Update and Superintendent Steel's laptop not  
311 working with the Lynx System.

312 Mr. Steel replied that he is a user of that system but has to use a PC.

313 Ms. Behm inquired about the door security system at Clark and AMS.

314 Mr. Steel replied that all of the schools have electronic door lock system. Clark has the upgraded  
315 system but not Wilkins or AMS. They will eventually be on the same system. If the facility  
316 project passes for AMS and C/W they will be on the same system.

317 Ms. Parisi asked about the internal Wiki.

318 Mr. Steel explained that they have their own which is for internal IT items.

319 Mr. Glover inquired about plans for revamping the website starting with Souhegan. Is there a  
320 place for that this year and can the status be included.

321 Mr. Steel replied yes, they are going to use the Souhegan website as a pilot for the school  
322 messenger-based website system that ties into the school messenger system that they use right  
323 now for messaging to parents. The advantage is that it ties all of our school messages together  
324 under one platform and it looks like it works pretty well. You never know with technology and  
325 they are going to start with the Souhegan website and make sure it works well before expanding  
326 into others. He will ask IT Director, Mr. Brian Miller, to include that in his update.

327 Mr. O'Keefe asked for Mont Vernon to be included.

328 Ms. Parisi asked if there was a timeline for these things.

329 Mr. Steel replied that they are moving forward, and it should be sometime this year. There is a  
330 tentative timeline.

331 Ms. Behm asked about #9. Data Governance and Security Plan.

332 Ms. Landwehrle replied that the update was adding the inventory of the approved software  
333 programs. There is a link on their website, and she has static downloads that she does routinely.

334 Ms. Behm thanked Ms. Landwehrle for all of her work.

335 Ms. Kuzsma asked about the inventory. There is a lot that are used by students and why is it not  
336 listed, on page 57.

337 Ms. Landwehrle replied that the description for the software is listed above.

338 Mr. Glover commented that the revision history should be preserved with the changes made.

339 Ms. Taylor thanked Ms. Landwehrle for the inventory. She inquired about the Personal  
340 Identifiable Information for students. she is trying to figure out where this list came from and  
341 what is it based on, on page 20 of the document, 38 of the slides.

342 Mr. Steel added Appendix E.

343 Ms. Landwehrle explained that there is some overlap. That pertains to a confidentially  
 344 agreement, and the Directory Information is from the FERPA Policy. Additionally, this is a  
 345 general overview of what PII is the RSA does outline specifically for students

346 Ms. Taylor added that RSA is 189:65 and it is different than what is listed.

347 Mr. O’Keefe asked for clarification.

348 He asked Ms. Taylor what is in the RSA that is not in our policy.

349 Ms. Taylor replied that she wants to make sure that things that we list here as confidential are  
 350 being treated like PII since they are according to State law.

351 Ms. Landwehrle added that she would be happy to update it with the RSA reference.

352 Ms. Kuzsma remarked that the last line in the PII covers that.

353 Ms. Taylor inquired if the computer facilities are protected from power outages and temperature  
 354 control.

355 Mr. Steel replied, almost all of the IT closets have a dedicated air conditioning system that runs  
 356 even in the wintertime.

357 Ms. Taylor asked about the specifics of Appendix I, Enterprise Software, it is not listed on Data  
 358 Governance.

359 Ms. Landwehrle added that she did not personally work on this.

360 Mr. Steel responded that he would find out.

361 Ms. Taylor asked about the Barracuda spam filters listed.

362 Mr. Steel replied that Barracuda spam filter was used when they had Outlook and Exchange as  
 363 their platform. He believes they have taken that out of service, but he will get back to her.

364 Mr. O’Keefe asked about 10. SAU Board Minutes – June 14, 2021, 11. SAU Board Minutes –  
 365 August 19, 2021, 12. Facilities Update – June/July and 13. Facilities Update – August.

366 There were no questions on the minutes.

367 Ms. Kuzsma applauded SAU #39 Facilities Director, Mr. Roger Preston, on the 5- year plan it  
 368 was something that the community was asking for.

369 Ms. Parisi asked about the AMS outdoor classroom space and how are they funding that.

370 Assistant Superintendent, Mr. Steven Chamberlin, replied that they received spindles from  
 371 Eversource. They are getting finished and the fence is in process.

372 Mr. Steel noted that he will get back to her.

373 Ms. Parisi asked about the air quality testing.

374 Ms. Grund thanked Mr. Preston for all of the work. He is very knowledgeable about air quality,  
375 and they have answers when they need them. It is a go forward savings.

376 Mr. Steel commented that in the past there were classrooms with great varying temperature  
377 ranges.

383 **Mr. Gauthier seconded the motion. The vote was unanimous, motion passed.**

384 **Mr. O'Keefe asked for a roll call vote: Peters-Yes, Taylor- Yes, Grund-Yes, Lawrence- Yes,**  
385 **Eckhoff- Yes, Glover- Yes, O'Keefe- Yes, Gauthier- Yes, Coughlan- Yes, Kuzsma- yes,**  
386 **Parisi-Yes, Conklin- Yes, Behm- Yes and Torres- Yes.**

387 V. Individual Board Updates

388 Chair of the Amherst School Board, Mr. Tom Gauthier, commented that that their primary focus  
389 is on the upcoming budget process starting in October. He applauded Mr. Steel and his staff for  
390 finding a new after school care provider with the YMCA of Greater Nashua. It will be in the  
391 school buildings, at the same rate as New Horizons and it will start in early October.

392 The Board thanked Mr. Gauthier.

393 Chair of the Mont Vernon School Board, Ms. Sarah Lawrence, noted that they are up in  
394 enrollment 213 from 202. They also are looking at their budget and thanked SAU #39 Business  
395 Administrator, Ms. Amy Facey, for getting that in place. They have a new school mascot, a  
396 falcon, and are excited about that. They are also starting a 7-member committee to evaluate the  
397 financial impact of the Amherst facilities projects and to see if there are other alternatives. They  
398 are looking forward to community involvement.

399 The Board thanked Ms. Lawrence.

400 Chair of the Souhegan Cooperative School Board, Mr. John Glover, remarked that their meeting  
401 was late in the month. They adopted their safety plan for covid mitigation with masks only  
402 required in status orange. They can revisit at a later date. They sent the Policy Committee the  
403 policy on Personal Protective Measures to update. They owe it to the community to keep the  
404 policy updated as possible. They discussed how to spend ESSER funds, no decisions have been  
405 made and it will be part of the continuing discussion.

406 They appointed 4 out of 5 community members for Community Council. They also had a student  
407 apply but did not appoint the seat at that time. They have two additional applications and will  
408 appoint them at their meeting at the end of this month. They also have a Community Council  
409 Liaison that sits with the board at their meetings.

410 They approved a new OSS plan that was brought to them from Assistant Superintendent  
 411 Chamberlin. Rather than sending the student home, it provides a supervised day in a location  
 412 such as a Library or other location. Finally, they wanted to have more direct communication  
 413 with teachers, between the board and the teachers. They are bringing some teachers into the  
 414 regular meetings, and they are looking forward to that.

415 The Board thanked Mr. Glover.

#### 416 VI. FY' 2022 Meeting Structure

417 Mr. O'Keefe noted that this was designed for last month. Their elections were during the  
 418 summertime, and they have a very compressed and compacted year. At the last 4 Chairs meeting,  
 419 they discussed bringing agenda ideas as a collective group. They cannot add everyone's idea in  
 420 one meeting. He encouraged the board to reach out to their respective board chair for ideas that  
 421 are important to them individually and as a board.

422 Their agendas are set by the statute by the Superintendent with consultation from the board  
 423 chairs.

#### 424 VII. Superintendent Report

425

##### 426 • County (ARPA) Funds

427 Superintendent Steel commented that the Board of County Commissioners has been allocated  
 428 50% of their total disbursement (46M) with an additional 50% to be allocated next year. The  
 429 County Commissioners are currently determining a process for entities to apply for these funds.  
 430 Ms. Amy Facey has been in touch with Rep. Ms. Megan Murray (Secretary of the Executive  
 431 Committee) and has also reached out to Commissioner Rowe to ensure we are aware of when the  
 432 application process begins. The dates have not yet been released.

##### 433 • Outdoor Education

434 He noted that a community member has spoken about outdoor education and outdoor  
 435 classrooms. He has met with this person, and they are going to be in an investigatory phase. He  
 436 will update the board as they look into those things.

##### 437 • NAPE Assessment

438 They were randomly selected at C/W grade 4 and AMS Grade 8 to participate in the NAPE  
 439 assessment in early 2022. They are required to do it and there will be more information  
 440 forthcoming for those students.

##### 441 • Covid Update

442 Right now, our dashboard which is kept up to date, there are 0 cases at the MVVS, 7 at C/W, 2 at  
 443 AMS and 1 at Souhegan. The only school where it is beginning to be a factor is Clark Wilkins  
 444 which triggers us to be in the green for the percentage of school cases. A number of those cases

445 are in grade 4 and they have worked with DHHS and our school nurses to determine if there is a  
446 cluster, a problem, etc. There is nothing to report to date, but they are monitoring it closely.

447 Vaccination availability remains the same. There are more news reports, depending on what you  
448 look at, that perhaps the end of September will be approval for children aged 5-11 to have  
449 access to the Pfizer vaccination. If that happens it will help them quite a bit in their schools.

450 Regarding active cases per 100,000 population in both of our towns, he has a feeling the State's  
451 website lags a little bit behind. The test positivity rate has fluctuated quite a bit, it is at 4.9% for  
452 this region. That is the regional metric.

453 Vaccination rate by town is ticking up very slowly and they don't seem to be updated often.

454 Mr. Glover asked about a concept to promote vaccination when it is available.

455 Mr. Steel commented that he is concerned about encouragement from the school system and that  
456 is the family's decision. With staff, it was different because they are adults. They will do what  
457 they to support families but encouraging is a different story.

458 Ms. Kuzsma asked about changing the metric from 5 to 7%.

459 Mr. Steel explained that they tracked more with the metric at 7% than at 5%. There was a  
460 question about hospital bed availability being a metric. The metric shows to fail value as a  
461 leading or lagging indicator due to numbers remaining almost consistent over the last 18 months.

462 Mr. Gauthier noted that he would not support any sort of vaccination drive for any age through  
463 high school.

464 • Bus Transportation

465 Mr. Steel commented that the bus transportation has been difficult at best. They will be updating  
466 bus routes. With the new start times, about half of the elementary routes have been having a hard  
467 time getting to the schools on time. They have looked at the situation and there are two factors  
468 first, there are a lot of cars to navigate, second, some of the routes take longer because of the  
469 sprawl in town. The issue is not the capacity of the busses but the amount of time it takes. They  
470 are trying to avoid the need for additional buses and want to maintain the fleet that they have.  
471 They will have a Nixle coming out soon and are doing the absolute very best that they can with  
472 the school busses.

473 Regarding aftercare, they need people to drive a bus and be available to work an afterschool  
474 program. It is one of the difficulties to find bus drivers.

475 Lastly, Superintendent Steel requested the board to thank their building administrators. It has  
476 been a few incredibly challenging years.

477 The Board thanked Mr. Steel.

478 Mr. Eckhoff asked about an early check of the new school time.

479 Mr. Steel added that he is not sure about the overall sentiment, and they will do a survey in  
480 November/December.

## 481 VIII. Curriculum Mapping

482 Assistant Superintendent, Mr. Steven Chamberlin, noted that he is going to talk about guiding  
483 principles that may or may not align with curriculum mapping. There is a notion between  
484 coverage of content and ensured learning and coverage tends to be an adult term. They want to  
485 turn that and focus on students and ensured learning. That is the goal. They do that by  
486 implementing high quality instruction some might call it magnificent assessment and things like  
487 that. One of the concepts is talking about ensured learning.

488 Another concept is that students are first, and they try to meet students where they are. Another  
489 overarching principle is that less is more. It is better to ensure learning of a smaller amount of  
490 content than just covering. The overall goal is strong alignment between the approved or the  
491 visible curriculum, the taught curriculum, and the learned curriculum.

492 Their curriculum work begins with a nationally approved standards and what is taught is a  
493 community/board collaborative decision but how it is taught is a team/teacher decision. What is a  
494 group, but how is in the purview of the teacher.

495 The last guiding principal is that time is the currency of school improvement. Time is incredibly  
496 important. The process of developing a map is an individual process and what they want it  
497 collaborative process. It would be a necessary piece. Typically, you are doing a map of your  
498 class and this district and school is dedicated to collaboration and working together. Your  
499 allegiance becomes to the map and not the students and that can be an issue.

500 If the purpose of a map is accountability and what they are teaching, he is not sure map is the  
501 best way to do that. He gave an example with one of the Domain Leaders. Sometimes you can  
502 teach what is fun but is not connected to the standard. Within minutes the teacher linked the  
503 lesson to the standard. If accountability is the goal, then being in classrooms with the lesson  
504 being taught is the way to go.

505 Years ago, curriculum mapping was famous for butcher block paper. He is not at all against  
506 curriculum mapping but is it the right place and time. They have an obligation to use the time  
507 wisely and they are trying to not to disrupt classroom time. The summer is devoted to curriculum  
508 work.

509 He hopes that it provides structure to curriculum work, and he is happy to answer questions.

510 Ms. Grund thanked Mr. Chamberlin. She inquired about the third piece of the three levels of  
511 UBD curriculum. She believes that is where the curriculum questions are coming from.

512 Ms. Landwehrle replied that last level is the lesson planning for teachers. It is meant to be that  
513 teacher autonomy piece. She works with a lot of homeschool families and knows that it is also  
514 challenging. At the high school level, they provide a syllabus, and she is curious what the public  
515 is looking for.

- 516 Ms. Grund commented that she is trying to figure out what is appropriate.
- 517 Mr. O’Keefe noted that they have had a lot of transparency maybe there is a middle point to see  
518 that depth that they were accustomed to.
- 519 Ms. Kuzsma echoed what Ms. Grund. With remote families, Google Classroom was a lifeline for  
520 the parents.
- 521 Ms. Parisi commented that listing more materials and resources would be helpful. They can also  
522 provide enrichment when it is needed.
- 523 Mr. Glover questioned how they can address academic gaps in curriculum mapping.
- 524 Mr. Chamberlin replied that it is with collaborative approach strategies.
- 525 Ms. Taylor asked about the “Keep, Stop, Start” exercise.
- 526 Mr. Chamberlin replied a good example is with the Civil War.
- 527 Ms. Taylor asked where the Portrait of a Graduate fits in.
- 528 Mr. Chamberlin explained that it is going to connect with the students and the teachers are  
529 excited to bring it all together.
- 530 Ms. Taylor inquired will it be linked in the system.
- 531 Mr. Chamberlin replied that it is a piece of the work study practices.
- 532 Ms. Taylor asked if there has been more consistency with
- 533 Ms. Parisi questioned if there were any Empower or curriculum nights.
- 534 Ms. Landwehrle replied that there are some plans for a Math Night, she is happy to do an  
535 Empower Night. They are always open to ideas and suggestions
- 536 **Mr. Glover noted that he appreciates the effort. He motioned to offer the continued work**  
537 **and support. Mr. Coughlan seconded the motion. The vote was unanimous, motion passed.**
- 538 **Mr. O’Keefe asked for a roll call vote: Peters-Yes, Taylor- Yes, Grund-Yes, Lawrence- Yes,**  
539 **Eckhoff- Yes, Glover- Yes, O’Keefe- Yes, Gauthier- Yes, Coughlan- Yes, Kuzsma- yes,**  
540 **Parisi-Yes, Conklin- Yes, Behm- Yes and Torres- Yes.**
- 541 IX. Policy BBBA- Discussion
- 542 Ms. Kuzsma noted that this policy is more around board members being able to substitute for the  
543 SAU. There is no RSA about substitutes at all. They wanted to come to the board and find out  
544 how to word this and their general feelings. There are pros and cons of each of the options. They  
545 are short on substitutes, and it would be handy to add them to the pool.
- 546 Ms. Peters commented that if you are benefitting financially, it is not a great precedent.

547 Ms. Taylor remarked added that the policy does not say substitute teaching, its any non-salary  
 548 position. It is a conflict with BCB as a board member. It is dangerous territory to be in and  
 549 against the nature with how a board should work.

550 Ms. Grund agreed that there needs to be separation.

551 Ms. Lawrence noted that she is not in favor of subbing in any district.

552 Mr. Eckhoff commented that he would be in favor of subbing at a district that was not your  
 553 elected building.

554 Mr. Glover commented that the verbiage is not clear. Right now, the policy looks ambiguous.

555 Mr. Gauthier mentioned that he is not in favor of subbing in any of the buildings. He suggested  
 556 that they highlight the other positions

557 Mr. Steel referenced *Chapter 671- School District Elections- Nominations Section 671:18* “No  
 558 *person employed on a salaried basis by a school administrative unit or by any school district*  
 559 *within a school administrative unit shall be a school board member in any district of the school*  
 560 *administrative unit. Salaried positions shall include, but are not limited to, the following:*  
 561 *teacher, custodian, administrator, secretary, school bus driver (if paid by the district), school*  
 562 *lunch worker and teacher's aide.”*

563 Mr. Coughlan added that the language substitute teachers are stipend. The current policy  
 564 prohibits it, ask to Mr. Eckhoff’s comments he it would be better and not attempt to be a  
 565 substitute.

566 Ms. Parisi remarked that she is torn on this decision. A black and white line is really, really hard.

567 Mr. Conklin commented that he landed in the thread the needle spot.

568 Ms. Behm commented that she wants it to be a safe spot for the staff, and not to have the staff  
 569 sensor themselves. It is hard to say because of course, it is always in the back of your head. She  
 570 would not be in support.

571 Mr. Torres echoed Ms. Behm. He is not sure he is for the policy as well.

572 Mr. O’Keefe added that the spirit of the RSA is to avoid conflict of interest. He is against them  
 573 serving in any paid role in the district.

574 Ms. Kuzsma noted that Mr. O’Keefe was the tie breaker.

575 Mr. Glover suggested that they get a legal opinion and add an interpreting paragraph.

576 Mr. Steel commented that they definitely need more people to substitute, and qualified people  
 577 are hard to find. It is going to be difficult to be seen as truly independent and it is unfortunate and  
 578 unfair. They could find a way to make it work but his concern would be the implication and view  
 579 of the other people.

580 Ms. Kuzsma added that the Policy Committee can draft language and come back to the board  
581 next month.

582 Mr. Eckhoff inquired if will preclude him if he got his bus license.

583 Ms. Kuzsma added that they did have a board member that was also bus driver.

584 The Board thanked Ms. Kuzsma and Mr. Coughlan.

585 X. SAU Budget Committee Appointment

586 Mr. O'Keefe asked for members of the public to step forward and apply as a member of the  
587 general public for the SAU Budget Committee. As a reminder, each member of the board has a  
588 representative. Ms. Parisi is their board representative.

589 XI. Public Input II of II

590 Ms. Marilyn Gibson, Mack Hill Road, Amherst NH, commented encouraged the board to look  
591 up Dr. Heidi Hayes Jacobs. It is not strict, and it is very flexible. Assessments are not all tests  
592 and quizzes, formative and summative. There are many of you in here that do not know the  
593 difference, it has not been given the attention that it needs. She believes that a committee should  
594 be formed from PK-12 to investigate how curriculum mapping can actually help. It will align the  
595 competencies and it is the perfect solution for vertical and horizontal meetings and all the  
596 parents.

597 Mr. O'Keefe reviewed the process for the policies in September.

598 The Board thanked Ms. Gibson for her comments.

599 XII. Meeting Adjourned

600 **Ms. Kuzsma motioned to adjourn the meeting at 8:05PM. Mr. Coughlan seconded the**  
601 **motion. The vote was unanimous, motion passed.**

602 **Mr. O'Keefe asked for a roll call vote: Peters-Yes, Taylor- Yes, Grund-Yes, Lawrence- Yes,**  
603 **Eckhoff- Yes, Glover- Yes, O'Keefe- Yes, Gauthier- Yes, Coughlan- Yes, Kuzsma- yes,**  
604 **Parisi-Yes, Conklin- Yes, Behm- Yes and Torres- Yes.**

## I. Call to Order

**Chair of the SAU #39 Board, Mr. Stephen O'Keefe, called the meeting to order at 6:00PM.**

## II. Public Comment I of II

Mr. Tom Bell, Amherst NH, commented on his concerns with a student tracking software on the SHS computers. He is concerned that it is not to parents or students' knowledge.

Ms. Catie Dodge, Amherst NH, noted her concern that there are students in SHS that did not have lesson plans, on the first day. This has been going on for years and this is the first time she has said anything. It is disheartening for students to sit there for 80 minutes with nothing to do. This district is very administrative heavy they are getting less and less teachers.

Mr. O'Keefe asked for further public comment.

There were no additional public comments and the board thanked Mr. Bell and Ms. Dodge.

## III. Annual Report Presentation

Assistant Superintendent, Ms. Christine Landwehrle, discussed that she has worked with administration and building principals looking at multiple different data points at the three school districts. The common theme was the impact of Covid 19. They see this in the achievement results and scores. This is a high-level overview of many different items. They were not able to provide enrollment at the time and will be adding an addendum at a later date.

Mr. O'Keefe thanked the administration for preparing the report. He asked for board questions.

33 Ms. Kuzsma asked if this was a typical amount for parents opting out of NHSAS and if they  
34 were penalized in an.

35 Ms. Landwehrle replied that there was not much of a remote option for NHSAS. Many of the  
36 remote families had to opt out. They felt that it was best the remote had to opt out. This year, she  
37 believes that word got around that they were not required to meet a certain threshold and it  
38 encouraged others to ask to be opted out. In a typical year, the State requires a 95%  
39 participation rate. It does not mean that every district needs to meet that participation rate, but it  
40 causes a problem for them if they do not meet that rate. This year, they plan on explaining the  
41 importance of the meeting that threshold and encourage student participation. A parent is legally  
42 able to opt their student out.

43 Mr. Glover inquired about using a typical year's data.

44 Ms. Landwehrle noted that the data is useful on an individual level.

45 Mr. Gauthier added that their big push for the spring is a new school building and reducing class  
46 sizes. In person was lower and these test results are not where they want them to be. He asked  
47 how can they tell how the in-person students did in smaller class sizes.

48 Ms. Landwehrle replied that they have information in PowerSchool for every single segment.  
49 With NWEA, they did code the students as remote and can look at assessment data.

50 Mr. Gauthier added that it can quantify learning loss and it would be helpful to have those  
51 numbers.

52 Ms. Grund commented that they have done things to improve their scores and yet are not seeing  
53 a step in the right direction. She would like to make sure they are digging deep enough to do the  
54 right thing.

55 Ms. Landwehrle responded that they have been doing well at the high school level. They have  
56 had an upward trend in Math over the past few years and want to look at three years of data.  
57 They have had less instructional time last year than previous years and that had an impact. It is  
58 not a simple answer, and there are so many things.

59 Ms. Grund commented that this year SHS went to an 8-period schedule. Plus, they need to  
60 consider that they have one of the shortest amounts of instructional time in the state.

61 Mr. Chamberlin noted that they value instructional time.

62 Ms. Taylor asked about the OECD PISA questions.

63 Ms. Landwehrle explained that families were able to review those questions upon registration  
64 and they were not the district's questions. They look at the socioeconomic status of your student  
65 population. It is an opt in to take the assessment during registration.

66 Ms. Taylor inquired about the number of students.

67 Ms. Landwehrle noted that not all parents have filled out the registration. 80 students are pulled  
68 randomly from 15-year-old students. They will be sending information when that test date is.  
69 Any family that wants to review the questions can as they are on the SAU website.

70 Ms. Parisi commented that she is having a hard time looking at the Amherst vs the Mont Vernon  
71 test scores. The Mont Vernon test scores have been more of a success story, and it is time to  
72 acknowledge that. Too often they get these graphs and excuse their problems. She is alarmed by  
73 the graph on page 13. She asked if this the national average for last year.

74 Ms. Landwehrle replied that these are based on the NWEA norms, from their internationally  
75 normed test population for achievement and growth. These are norms from early 2019, for a  
76 typical school year from fall to fall.

77 She added that it will be interesting to see this fall, she would anticipate results this fall better  
78 than last fall.

79 Ms. Parisi asked if there is more of a focus on individual growth.

80 Ms. Landwehrle replied that page 12 is looking at the academic achievements, they are fairly  
81 high, not as high as they typically see. The alarming picture is the growth.

82 Ms. Parisi asked if they are focusing on academic growth.

83 Ms. Landwehrle replied, yes, that their goal is at least a year's worth of growth. They are setting  
84 up meetings with building leadership right after NWEA to go over the results. It is alarming and  
85 concerning. They have to find that right balance with supports so that they are making progress.

86 Ms. O'Keefe noted that there were some questions that he received.

87 Ms. Landwehrle replied they do not know when they will receive that State comparative data. It  
88 is hard to predict as it is not always a set time. There was a question about that remote option for  
89 NHSAS was not available. All of their districts were affected by the opt-out. Souhegan had 50%  
90 opt out in NHSAS Science.

91 With the difference in Mont Vernon and Amherst, they already had smaller class sizes. Twelve is  
92 really small class size, and it is great to provide that one-on-one support. Second, they did a deep  
93 focus on Math. The Board focused their Board Goals on Math. To get the kids, school wide,  
94 excited, and focused on Math.

95 Ms. Landwehrle noted that there is a question on page 25 about the chart and who is included in  
96 the numbers.

97 Mr. Chamberlin replied that the most common institutions those are in the last few years.

98 Ms. Landwehrle noted that they can check with Student Services Director, Ms. Meg Beauchamp  
99 and get back to the board. National Junior Honor Society is not necessarily a club but they can  
100 include that going forward. Many of the sports that ran last year were sports that could be  
101 outside. With a lot of the clubs, there was an emphasis on the time it took to get the building  
102 thoroughly sanitized.

- 103 Mr. Conklin inquired about growth and if it was normed.
- 104 Ms. Landwehrle replied yes, it is normed based on your starting point. You are not harmed if you  
105 start high. It truly is what is typical with that grade level and how much do they typically grow.
- 106 Ms. Grund questioned if they could have the breakdown by grade level for NHSAS. With the  
107 NHSAS Science for SHS, 45% of the kids that took the test did not meet grade level.
- 108 Ms. Landwehrle replied that they are finding that right balance and there will be a plan to review  
109 the results.
- 110 Mr. Glover added that it is a really good start. Aimsweb and OECD PISA are not discussed. He  
111 suggested that they offer resources to students to supplement their own learning.
- 112 Ms. Landwehrle noted that these are all great comments.
- 113 Ms. Taylor inquired about the AP results. She noted that last year she requested the results to be  
114 presented differently.
- 115 Ms. Parisi suggested that they include the schools that they are comparing themselves to.
- 116 Mr. O’Keefe commented that in MV they tried to have afterschool activities and have paid  
117 stipends for that.
- 118 Ms. Taylor added that she would like to see test prep for all of the students.
- 119 Ms. Parisi remarked that she would like to see something regarding social/ emotional learning  
120 included in this document.
- 121 The Board thanked Ms. Landwehrle and Mr. Chamberlin.
- 122 IV. First Reading Policies
- 123 Mr. O’Keefe noted that tonight is a first reading. They will motion to pass the policies that they  
124 have consensus. Those policies will go down to the subsequent boards. The policies that they do  
125 not have consensus they will review individually.
- 126 He thanked the Policy Committee for their continued work
- 127 1. BBBH (SAU)
- 128 **Mr. Coughlan motioned to pass BBBH. Ms. Kuzsma seconded.**
- 129 Mr. O’Keefe asked for discussion.
- 130 **Mr. Coughlan amended section J to the following: A. Chairperson, B. Vice chairperson,**  
131 **C. Treasurer and strike “ (appointed from among board members)” and add D. Secretary.**  
132 **Ms. Kuzsma seconded the motion.**
- 133 **Mr. O’Keefe asked for a vote on the motion to amend. Ms. Taylor opposed; motion passed.**
- 134 **Mr. O’Keefe asked for a vote on BBBH as amended.**

135 **The Motion passed.**

136 Discussion ensued over the packet.

137 Mr. O'Keefe read BBBA, BBBC, BK, EBB, JCA, JFAB, JI, JIC, JICD, JLCF, JLCH, JLCJ, KH  
138 (Amherst, Mont Vernon, and Souhegan)

139 No objections to the following: BBBA, BBBC, BK, JCA, JFAB, JI, JLCF, JLCH, (Amherst,

160 Ms. Kuzsma noted that the NHSBA updated it.

171 **Ms. Lawrence motioned to accept policy JIC and move to the individual boards as a first**  
 172 **reading. Ms. Parisi seconded the motion.**

173 Mr. O’Keefe asked for discussion.

174 Ms. Taylor noted that she was at the meeting when they discussed the policy. She commented on  
 175 the Code of Conduct.

176 Ms. Landwehrle noted that they have never used the term Code of Conduct before. It was her  
 177 recommendation to simplify.

178 Ms. Taylor remarked that the Code of Conduct falls under some student groups, and they need to  
 179 have deeper discussion at the high school.

180 Ms. Behm added that it is consistent and there are additional layers, but this is a great start.

181 Ms. Clark asked if it was possible for the high school to make their own changes.

182 Mr. O’Keefe explained that the intent of tonight’s discussion was to be on the same page.

183 Ms. Landwehrle noted in some cases they add “if where applicable Community Council”.

184 **Mr. Glover motioned to add “shall” to add a number #5. Ms. Parisi seconded.**

185 Mr. Coughlan added that he is fine with leaving the policy the way it is.

186 Ms. Landwehrle commented that she updates the administration with what needs to be in the  
 187 handbook.

188 Ms. Kuzsma the heading of this policy relates to student conduct.

189 Mr. Glover noted that these are closely related topics there is correlation between the two.

199 Mr. O’Keefe asked for discussion

200 Ms. Taylor noted that she is looking to align the system with these policies.

201 Ms. Lawrence asked Ms. Taylor where there are inconsistencies. She asked Ms. Taylor to review  
202 the Trello where they made their notes.

203 Ms. Landwehrle added that the high school team did have ample time as well as the rest of the  
204 leadership team to review.

205 Ms. Kuzsma noted that this policy was brought up because there were significant changes at the  
206 State. Community Council could not change anything required by the State no matter what.

207 Ms. Landwehrle commented that a lot of this is referencing the terms and student rights and  
208 responsibilities. There were some changes with this policy, and she does not see a conflict.

209 Mr. Coughlan added that he did a review and does not see conflict with SHS current procedures.

210 Ms. Grund asked about letter (e) and why would you have a sub committee on issues like this, on  
211 page 75.

212 Mr. Coughlan replied first, there is a timeline on some of these issues and sometimes it is hard  
213 to get a full board together or second, recusal problems.

214 Ms. Peters commented that it would be nice to see the OSS pilot referenced.

215 Mr. Glover added that at the last meeting they have a new disciplinary pilot and discussion about  
216 how do they implement restorative justice principles.

217 Ms. Landwehrle replied, yes.

218 Mr. Coughlan referenced the paragraph above.

219 Ms. Landwehrle added that it is still out of school suspension, they would craft the parameters.  
220 You are removed from the building but not removed from the connection to their community.

221 Ms. Peters inquired about students committing a serious offense.

222 Discussion ensued.

223 Superintendent Steel referenced NH Chapter 193- Pupils- School Attendance- Section 193:13 II  
224 Suspension and Expulsion of Pupils. *“Any pupil may be expelled from school by the local  
225 school board for gross misconduct, or for neglect or refusal to conform to the reasonable rules  
226 of the school, or for an act of theft, destruction, or violence as defined in RSA 193-D:1, or for  
227 possession of a pellet or BB gun, rifle, or paint ball gun, and the pupil shall not attend school  
228 until restored by the local board. Any expulsion shall be subject to review if requested prior to  
229 the start of each school year and further, any parent or guardian has the right to appeal any  
230 such expulsion by the local board to the state board of education. Any expulsion shall be valid  
231 throughout the school districts of the state.”*

232 Mr. Glover asked about Factors to Consider.

233 Mr. Coughlan noted that legal counsel cut and pasted from the law.

234 Mr. Steel commented that the RSA 193:13 is effective until July 1, 2021; the revision has the  
235 exact same process V. *“School districts and chartered public schools shall make educational*  
236 *assignments available to the suspended pupil during periods of suspension.”*

237 **Ms. Kuzsma amended policy JICD B, 7, #5 remove paragraph and have it state “under**  
238 **193:13 V.” Ms. Parisi seconded the motion. Motion was unanimous, motion passed.**

239 Mr. Glover noted the scrivener’s error.

240 **Ms. Lawrence motioned to adopt JICD as written and amended. Ms. Parisi seconded the**  
241 **motion. 2 opposed. Motion passed.**

242 **Ms. Lawrence motioned to accept policy JLCF and move to the individual boards as a first**  
243 **reading. Ms. Parisi seconded the motion.**

244 Mr. O’Keefe asked for discussion.

245 Ms. Taylor inquired about the statement “each school in the District will provide at least one  
246 district-wide farm to table family dinner or similar activity each school year”.

247 Ms. Kuzsma noted that Mr. John Lash had wrote this in and will be implanting this year. They  
248 have to have one measurable data point.

249 Ms. Taylor commented that it would a large number of families and a great undertaking.

250 Ms. Landwehrle added that this would be combined with some other event as a play and families  
251 would need to sign up ahead of time. There could be significant interest, and this is the first year  
252 of rolling this out. Mr. Lash felt strongly in this event.

253 Ms. Taylor asked if they would be impacting the budget.

254 Ms. Landwehrle replied that they would not be impacting the budget.

255 Ms. Behm gave her support.

256 **Mr. O’Keefe asked for a roll call. The Motion passed unanimous.**

257 **Ms. Lawrence motioned to accept policy JLCJ and move to the individual boards as a first**  
258 **reading. Ms. Parisi seconded the motion.**

259 Mr. O’Keefe asked for discussion.

260 Ms. Taylor noted that she has a question about the recording process and if it is required by law.

261 Mr. Coughlan responded that this is not required by law, and this is his language.

262 Ms. Taylor noted that they have not received these reports.

263 Mr. O’Keefe called for a vote.

264 **The vote was unanimous. Motion passed.**

265 **Ms. Lawrence motioned to accept policy KH and move to the individual boards as a first**  
 266 **reading. Ms. Parisi seconded the motion.**

267 Mr. O’Keefe asked for discussion.

268 Ms. Taylor asked if this was new and for examples for what it would and would not include.

269 Mr. Steel replied that it is not new, he used the SHS school yearbook as an example.

270 Mr. Coughlan added that they have been doing this for a while.

271 Ms. Taylor asked where does the revenue for the extra pages in the yearbook that the parents pay  
 272 for.

273 Mr. Steel replied that he believes that it is a fundraiser for the school.

274 Mr. O’Keefe called for a vote.

275 **The vote was unanimous. Motion passed.**

276 **Ms. Lawrence motioned to accept policy BAAA and move to the individual boards as a**  
 277 **first reading. Ms. Parisi seconded the motion.**

278 Ms. Taylor noted that there is reference to the student handbook which is partially under  
 279 Community Council for the high school.

280 Ms. Kuzsma replied that it is covered as part of the procedural aspect.

281 Ms. Grund added that there is a piece in there that she has an issue with.

282 Ms. Lawrence remarked that the policy in 2007 has almost identical language.

283 Mr. Steel added that there is noting that is preventing you from making a board policy.

284 Mr. O’Keefe called for a vote.

285 **Ms. Taylor opposed; motion passed.**

286 **Ms. Lawrence motioned to accept policy BCA and move to the individual boards as a first**  
 287 **reading. Ms. Parisi seconded the motion.**

288 Mr. O’Keefe asked for discussion.

289 Ms. Grund commented on “ 7. Recognize that as a general principle the District benefits when  
 290 Board decisions, which have been made following due consideration and vote of a quorum,  
 291 receive the subsequent support of the whole Board, whenever practicable.”.

292 She added that it sounds like there is pressure to vote in the same way.

293 Mr. O’Keefe added that he also does that believe that should be in there.

294 Mr. Steel commented that “subsequent” indicates that this is not referring to votes. He believes  
 295 that was the intent.

296 Mr. Conklin noted that this policy is the aspirational goals. This policy cannot control them in  
297 anyway.

298 Ms. Lawrence added that it was in the sample.

299 Ms. Parisi referenced the previous version of this policy. *"Recognize that final board actions will  
300 be supported by all members of the board. Take no private action that will compromise the  
301 board or administration; and refrain from private actions which undermine or compromise  
302 official board action."*

303 Mr. Glover noted that he was not in support.

304 **Ms. Parisi motioned to amended amend #7 to be #11 from previous policy. "Recognize that**  
305 **final board actions will be supported by all members of the board. Take no private action that**  
306 **will compromise the board or administration; and refrain from private actions which**  
307 **undermine or compromise official board action." Mr. Grondstra seconded the motion.**

308 Ms. Behm remarked that this language is clearer and supports the amendment.

309 Ms. Taylor added that she would like to use the example of the start time, she was not in support.

310 Mr. O'Keefe called for a vote.

311 **Mr. Glover opposed; motion passed.**

312 Mr. O'Keefe asked for discussion on the amended policy.

313 There was no further discussion.

314 Mr. O'Keefe called for a vote.

315 **The vote was unanimous, motion passed.**

316 **Ms. Lawrence motioned to accept policy BDA and move to the individual boards as a first**  
317 **reading. Ms. Parisi seconded the motion.**

318 Ms. Grund added that she has her concern regarding *"1. The Board shall hold an organizational  
319 meeting within one month of the School District Meeting."*

320 Mr. Coughlan added that the dates are from law.

321 Ms. Taylor asked about *"6. The assignment of board members to committees may also be made  
322 at the organizational meeting, or at any subsequent meeting."*

323 Mr. Coughlan commented that most board assignments are non-controversial.

324 Ms. Taylor mentioned that she would like to add an additional sentence to #6 *"Board member  
325 committee assignments should be voted on by the majority of the board."*

326 Mr. O'Keefe asked if that was her amendment.

327 Mr. Glover added that it doesn't not say that.

328 Ms. Kuzsma noted that language would contradict the other two policies.

329 Mr. O’Keefe asked Ms. Taylor if she wanted to amend the policy.

330 Ms. Taylor did not amend the policy.

331 Mr. O’Keefe asked for a vote.

332 **Ms. Taylor opposed. The motion passed.**

333 **Ms. Lawrence motioned to reconsider policy BCB. Ms. Parisi seconded the motion. The**  
334 **vote was unanimous, motion passed.**

335 **Ms. Lawrence motioned to accept policy BCB and move to the individual boards as a first**  
336 **reading. Ms. Parisi seconded the motion.**

337 Ms. Taylor inquired about the difference.

338 Ms. Kuzsma replied it clears up conflict of interest and vendor relations.

339 Ms. Peters added that she is not sure that she has the same perspective.

340 Ms. Kuzsma commented on the vendor expectations.

341 Ms. Behm mentioned that she prefers the revised policy with the added sentence “*Through the*  
342 *use of open competitive bidding or recusal of any Board member who has a conflict of interest,*  
343 *the Board will seek to obtain the best value for the district while avoiding impropriety or the*  
344 *appearance of impropriety*”. It is just laying out ground rules and giving an even playing field.

345 Mr. Glover referenced RSA 95:1.

346 Ms. Peters replied that she has a concern with the employment clause.

347 Ms. Taylor mentioned that she has serious problems with this. She supports the old policy. They  
348 should not be employing board members or relatives.

349 Mr. O’Keefe inquired where this policy originated.

350 Ms. Kuzsma replied that this is a model, and they made no changes.

351 Ms. Taylor asked if they had their own counsel.

352 Ms. Kuzsma added that she feels uncomfortable spending a significant amount of money having  
353 them reviewed when they were crafted by legal counsel.

354 Ms. Taylor noted that the sample wasn’t crafted for our board or districts.

355 Mr. O’Keefe asked about the general consensus of the committee.

356 Ms. Kuzsma replied that the general consensus was that they liked the sample policy better and  
357 made the rules extremely clear.

358 Mr. Coughlan added that they agreed that this one was clearer.

359 Mr. Torres mentioned that he is concerned with the optics of it.

360 **Mr. O’Keefe motioned to vote the policy down and send this back to the policy committee.**  
361 **(Revise to be more restrictive in nepotism and goods and services.)**

362 Mr. Glover suggested it go back to legal counsel.

363 Ms. Grund added that it just needs to be rewritten.

364 Mr. Coughlan added that there have been two separate discussions, nepotism and conflict of  
365 goods and services. He suggested that they have a straw poll.

366 **All opposed, motion fails.**

367 Mr. O’Keefe asked about a nepotism policy.

368 Mr. Coughlan commented on the most legally restricted Nepotism policy.

369 Mr. O’Keefe asked for a straw poll.

370 Mr. Coughlan noted that the board was in favor of the most restrictive in both categories,  
371 nepotism and goods and services.

372 **Ms. Lawrence motioned to accept policy BDG and move to the individual boards as a first**  
373 **reading. Ms. Parisi seconded the motion.**

374 Mr. Coughlan commented that they tried to differentiate between the routine and non-routine.

375 Mr. Steel gave two examples of non-routine action.

376 Ms. Taylor asked if it would be possible to write an amount in the policy.

377 Mr. O’Keefe added that if it exceeds those limits, he will want to get clarification.

378 **Mr. Glover and Ms. Taylor opposed; motion passed.**

379 **Ms. Lawrence motioned to accept policy BEA and move to the individual boards as a first**  
380 **reading. Ms. Parisi seconded the motion.**

381 Ms. Taylor commented that she would like more Souhegan meetings.

382 Mr. Conklin added that the additional meetings may be scheduled by the Chair. It is not just for  
383 emergency meetings.

384 Mr. O’Keefe asked for discussion.

385 **The vote was unanimous, motion passed.**

386 **Ms. Lawrence motioned to accept policy BEB and move to the individual boards as a first**  
387 **reading. Ms. Parisi seconded the motion.**

388 Mr. O’Keefe asked for discussion.

389 **The vote was unanimous, motion passed.**

390 **Ms. Lawrence motioned to accept policy BEDB and move to the individual boards as a first**  
 391 **reading. Ms. Parisi seconded the motion.**

392 Mr. O'Keefe asked for discussion.

393 **Ms. Grund amended Policy BEDB, paragraph 6, second sentence, to replace**  
 394 **"Superintendent" with "Board Chair". Ms. Parisi seconded the motion.**

395 Ms. Kuzsma added for the SAU it would be Chairman O'Keefe.

396 Ms. Behm noted that agenda would be associated with the respective Chair.

397 Mr. O'Keefe called for a vote.

398 **All in favor of the amendment, motion passed.**

399 Mr. O'Keefe asked for discussion.

400 Ms. Taylor mentioned that the agenda content should be the responsibility of the board.

401 It also says that it should be 14 days prior to a meeting.

402 Mr. O'Keefe replied that he believes that it is reasonable since there needs to be discussion on  
 403 items.

404 Ms. Taylor commented that she thought another policy stated 4 days.

405 Mr. O'Keefe inquired which policy she was referencing.

406 Mr. Glover added that they have revised agenda packets because things are dynamic.

407 Ms. Peters referenced the policy statement "*Members of the public who wish to speak at Board*  
 408 *meetings regarding an agenda item are encouraged to contact the Superintendent prior to the*  
 409 *Board meeting.*" She asked if they are encouraging members of the public to reach out to the  
 410 Superintendent about their meeting topics.

411 Mr. O'Keefe replied yes. The community is always able to reach out to him for a question or  
 412 concern.

413 Ms. Peters asked if that is different than Public Comment.

414 Mr. Steel noted that he gets contacted often by the community. He is sometimes able to solve a  
 415 question or problem.

416 Ms. Taylor referenced statement "*Additionally, the Board reserves the right to limit public*  
 417 *discussion at Board meetings to agenda items only.*" She inquired if that is that there so you can  
 418 tell them to stop.

419 Mr. O'Keefe noted that he just attended a training, and they are doing what is recommended. As  
 420 a board they can vote to do that.

421 Ms. Kuzsma mentioned a recent example.

422 Mr. O’Keefe added that the public needs to be informed about the guidelines.

423 Mr. Coughlan explained that the intention is that this is the meeting for the board to do work and  
424 the public can watch. The basic fundamental rule is that board is here to do work and the public  
425 input is purely the board’s discretion.

426 Mr. Glover gave his support for statement “ *Every Board member has the right to place items on*  
427 *the agenda*” however, there needs to be some tempering language.

428 **Ms. Kuzsma amended policy BEDB, second paragraph, second sentence. “Every board**  
429 **member has the right to place items, on an agenda” . Mr. Glover seconded the motion.**

430 Mr. O’Keefe asked for discussion.

431 Ms. Peters commented on a possible situation where a board member is at odds with the board  
432 chair.

433 Ms. Kuzsma noted that there is policy around that. The majority of a board can get together and  
434 put it on an agenda.

435 Mr. O’Keefe called for a vote on the amendment.

436 **Motion did not pass.**

437 **Mr. O’Keefe asked for a vote on policy BEDB as originally amended.**

438 **Motion passes unanimous**

439 **Ms. Lawrence motioned to accept policy BEDDA and move to the individual boards as a**  
440 **first reading. Ms. Parisi seconded the motion.**

441 Ms. Taylor noted that this is unpolished and needs review.

442 Mr. O’Keefe added that there is a scrivener’s error.

443 Ms. Taylor noted that she would like the table to be explained to her.

444 Mr. Coughlan remarked that originally, he thought about moving the table. Most of this comes  
445 out of Robert’s Rules of Order.

446 Mr. O’Keefe called for a vote on the policy.

447 Mr. Glover mentioned the scrivener’s error in B-3 in the italicized brackets, B-13 the double  
448 asterisk and double numbering.

449 **The vote was unanimous, motion passed.**

450 **Ms. Lawrence motioned to accept policy BGAA and move to the individual boards as a**  
451 **first reading. Ms. Parisi seconded the motion.**

452 Ms. Taylor noted her concerns with the policy.

453 Mr. Coughlan added that this is based on the new model from the NHSBA. He believes that most  
454 of her concerns are philosophical.

455 Ms. Taylor noted two examples and they had to do with student staff interaction, and they were  
456 both relevant to the high school.

457 Ms. Kuzsma replied that it is not completely accurate. Ms. Lawrence is working on it and that  
458 policy is 100% on their docket for review.

459 Ms. Grund noted that it brings up the clarification about d-6 they need to work on the language  
460 of sept, 1<sup>st</sup>.

461 Mr. Coughlan added that he believes that it is based on the policy.

462 Ms. Kuzsma commented on the timeframe.

463 Mr. Steel remarked that he proposed something sooner and Mr. Glover when he was on the  
464 Amherst School Board proposed Sept 1<sup>st</sup> as the deadline.

465 Mr. Glover commented that the Superintendent does a lot and its all in the purview of the  
466 superintendent.

467 Ms. Lawrence added that the Chair has reached out to the NHSBA, and that relationship exists. It  
468 has not been an issue.

469 Mr. Coughlan commented that

470 Ms. Taylor added that it is a conflict of interest.

471 **Ms. Taylor motioned to amend BGAA, D4 changed to “the Board Chair should seek**  
472 **counsel” Ms. Parisi seconded the motion.**

473 Ms. Clark added that it feels like an inefficient amendment.

474 Ms. Peters inquired what if they used “or”.

475 Mr. Glover did not give his support.

476 Mr. Conklin commented that there are some board members that are well versed and some that  
477 are not.

478 Ms. Behm added that she understands the concern, but it is already covered.

479 Mr. O’Keefe called for a vote.

480 **Amendment did not pass. Ms. Peters abstained.**

481 **Mr. O’Keefe called for vote on Policy as written, BGAA. Ms. Taylor and Ms. Peters**  
482 **opposed.**

483 **Mr. Lawrence motioned to defer the remaining policies to the next SAU meeting in**  
484 **October. Ms. Parisi seconded the motion. The vote was unanimous, motion passed.**

485 Mr. O’Keefe commented that they should submit the objections to the policy. They should  
 486 restrict debate to the items that are listed in writing to the Policy Committee. They want to be  
 487 prepared.

488 Mr. Conklin asked

### **Amherst School Board – October Updates**

The Board took part in two meetings during the week of Oct. 4. These are the major items discussed during this time.

1. On Oct. 4, ASB received its first glance at the FY23 budget from business administrator Amy Facey.
2. On Oct. 7, the board received a presentation/report from the Joint Facilities Advisory Committee. JFAC met prior to the ASB meeting on Oct. 7, presenting the initial cost estimates from the construction manager of the Clark-Wilkins/AMS project.
  - a. DEW had approximately one month from its official hiring to come up with initial cost estimates so the numbers are still artificially high with large contingencies built in.
  - b. The numbers will continue to be fine-tuned over the coming months as we get closer to voting day.
  - c. We also prepped our first public forum to be held Oct. 12 (day before SAU meeting) to present the initial plans, costs, and discussion points to the community. We will have monthly forums leading up to voting day to educate folks about the projects. The first meeting took place after this report was written so no specifics can be included but the meeting is viewable on the SAU 39 youtube channel.

### **BA/BA-R – SCHOOL BOARD SELF-EVALUATION AND GOAL SETTING**

The Board will attempt to conduct an annual self-evaluation. Co-extensive with the Board's self-evaluation, the Board will attempt to establish annual goals and objectives. The Board believes that establishing annual goals and objectives will serve as a benchmark and criteria for the annual self-evaluation.

The following areas of Board operations and relationships are representative of those in which objectives may be set and progress appraised:

1. Relationship with the Superintendent
2. Community relations
3. Board meetings
4. Staff and Personnel Relationships
5. Relationship to Instructional Program
6. Financial Management of Schools
7. Policy development
8. Risk management
9. Other areas the Board determines should be evaluated

While the board may decide to do so, it is not expected that every area listed above will necessarily be annually reviewed. The Board desires that the annual self-evaluation and goal setting will clarify the Board's role within the school community, address areas for the Board to improve, and address areas for which the Board should be commended.

## BAAA – BOARD POLICIES AND ADMINISTRATIVE PROCEDURES

### GENERALLY

The policies of the Board are intended to establish the general and overall rules within which day-to-day operations of the District are to be governed. Procedures for carrying out and implementing the broad policies of the Board on a day-to-day basis are to be fashioned and adopted by the administration, under the direction of the Superintendent. As applicable, members of the District community are expected to comply with both Board policy and administrative procedures, subject to the limitations and exceptions set forth herein. However, the failure of the Board or the Administration to comply with policy shall not invalidate any lawful action taken.

### CONTENTS OF BOARD POLICY AND ADMINISTRATIVE PROCEDURE

The policies of the Board are formally adopted by the Board. Job descriptions, Student Handbooks, and Employee Handbooks are Administrative Procedures. Administrative procedure is not part of Board policy and may be altered by the administration without Board action. Administrative procedure, however, may not conflict with Board policy.

### LIMITATIONS OF POLICY

Neither the policies of the Board nor the procedures of the administration are intended, nor shall they be construed, to supersede or preempt any applicable laws, whether constitutional, statutory, regulatory, or common in origin. Consequently, all Board policies and administrative procedures shall be given both an interpretation and application which is lawful. The Board shall have the final interpretation of its policies and the administration shall have the final interpretation of its procedures.

As the Board policies and administrative procedures are limited by legal constraints, so too are the rights of those to whom the Board policies and administrative procedures apply. Neither the policies of the Board nor the procedures of the administration are intended to expand the rights of individuals beyond those established by law or to give to any individual a cause of action not independently established in law. Enforcement of Board policy shall rest exclusively with the Board, and enforcement of administrative procedures shall rest exclusively with the administration.

Board policy and administrative procedure shall not preempt, create, supplant, expand or restrict the rights or liabilities of students, employee, taxpayers, or others within the District beyond those that are established in law and are not intended to restrict or limit students, employees, or other members of the District community from pursuing any claims or defenses available under law.

### Exceptions

Exceptions to any policy or the application of any policy may be made if requested or recommended in accordance with the following procedures:

- a. Any person may request an exception to any Board policy or the application of same by submitting a letter to the Superintendent. The request shall identify: (1) the name, address and telephone number of the person making the request; (2) the policy for which the exception is being requested; (3) the action that the requesting individual desires, and (4) the rationale supporting the need for an exception.
- b. The Superintendent or Designee, shall conduct a sufficient investigation of any request for an exception so as to be able to formulate a recommendation for the Board. Among the factors

## **AMHERST, MONT VERNON, SOUHEGAN, and SAU39 POLICY**

to be evaluated are the relevant facts related to the request, the rationale of both the policy and the request for the exception; and the disposition of prior requests for exceptions to the same or similar policies.

c. Following the Superintendent's investigation, the Superintendent may place the request for exception on the agenda and shall report to the Board the circumstances surrounding the request and his/her recommended disposition. The person requesting the exception shall be notified in advance of this agenda item, and shall be given a reasonable opportunity to address the Board before the Board determines whether to grant the request for an exception.

d. The Board shall have final and exclusive authority to determine whether to grant any request for an exception and shall be the sole judge of whether the rationale for the exception is sufficient, taking into consideration the recommendation of the Superintendent. Moreover, the granting of exceptions in the same or similar cases shall not constitute binding precedent or practice inasmuch as the prior grant of an exception may establish that the granting of an exception is ill-advised.

e. Exceptions to administrative procedure shall be made in accordance with the procedures established by the Superintendent.

## AMHERST, MONT VERNON, SOUHEGAN, and SAU39 POLICY

### BEDG - MINUTES

Under RSA 91-A, the school board, and each of the Board's committees (*irrespective of* whether standing or ad hoc, and *irrespective of* whether deemed a sub-committee or an advisory committees) is required to keep minutes for every "meeting" as defined under 91-A:2, I. As used below, "Board" shall mean and include the District Board, and each such board committee.

The Board will keep a record of the actions taken at Board meetings in the form of minutes. At a minimum, all minutes, public and non-public, shall include:

- 1) the names of members participating,
- 2) persons appearing before the Board (any persons other than board members who address the board or speak at the meeting;
- 3) a brief description of each subject matter discussed;
- 4) identification of each member who made a first or second of any motion;
- 5) a record of all final decisions;
- 6) When a recorded roll call vote on a motion is required by law or called for by the Chair (or other presiding officer), a record of how each board member voted on the motion; and
- 7) In the event that a board member objects to the subject matter discussed by the board, if the board continues the discussion above the member's objection, and upon the request of the objecting member, then - and irrespective of whether the objection/discussion occurred in public or non-public session - the public minutes shall also reflect (i) the objecting member's name, (ii) a statement that the member objected, and (iii) a "reference to the provision of RSA 91-A:3, II that was the basis for the discussion." (See RSA 91-A:2, II-a.).

Copies of the draft minutes of a meeting will be sent to the members of the Board before the meeting at which they are to be approved. The preceding sentence, however, shall not apply to minutes of non-public sessions when the Board has sealed such minutes by a recorded roll call vote taken in public session with 2/3 of the board members present supporting the motion. Drafts of non-public minutes will be provided to the Board either at the conclusion of the non-public session and may be approved at the time - prior to any vote to seal, or if sealed, provided to Board at the meeting at which they are to be approved.

Draft minutes of all public meetings, clearly marked as drafts or "unapproved", will be made available for public inspection *upon request* no later than five (5) business days after each public session. Minutes for non-public sessions shall be kept as a separate document. Draft minutes for all non-public sessions, will be made available for public inspection within seventy-two (72) hours after the non-public session, unless sealed in accordance with the *statutory* procedure

described in the preceding paragraph.

Notes and other materials used in the preparation of the minutes must be retained until the minutes are approved or finalized, ***and shall likewise be available for inspection during that period.***

All minutes, including draft minutes, will be kept in accordance with RSA 91-A:2 and RSA 91-A:3 and will be in the custody of the Superintendent. ***Requests for access to minutes shall be processed in accordance with Board Policy EH{\*\*} and administrative procedures EH-R{\*\*}.***

Approved minutes, except those non-public session minutes which are sealed, shall be consistently posted on the District's web site in a reasonably accessible location or the web site shall contain a notice describing where the minutes may be reviewed and copies requested. Draft minutes will be available for inspection at the District's administrative office.

Sealed minutes shall be reviewed every three years and unsealed by majority vote of the Board if the circumstances justifying sealing the minutes no longer apply. The Superintendent shall identify and bring to the Board's attention minutes which have been sealed because disclosure would render the proposed action ineffective where the action has been completed and the minutes no longer need to be sealed. The Superintendent will also identify any other sealed minutes where the justification for sealing no longer applies due to the passage of time. Generally, non-public session minutes are sealed because divulgence of the information would likely affect adversely the reputation of a person other than a member of the School Board, will remain sealed.

### BGAA – POLICY DEVELOPMENT, ADOPTION AND REVIEW

The development and adoption of policies that govern the District (*or SAU*) is one of the Board's most important functions. Board policies establish the goals, direction, and structure of the District (*or SAU*) under the authority of applicable statutes and regulations. In addition to policies required by state and federal laws and regulations, the Board adopts policies to provide direction to the Superintendent and other administrators in the management of the district, to guide the education program, and to provide clear expectations for school staff, students and parents.

Board policies are intended to provide the framework for operations and the educational system. In general, the operational details as to how policies will be implemented are contained in administrative procedures developed by the administration. However, the Board may adopt administrative procedures concerning its own operations, or when an issue is of sufficient legal importance to warrant a Board-level procedure.

- A. Policy Committee Responsibilities and Meetings. The SAU 39 Board's Policy Committee with the advice and counsel of the Superintendent, is responsible for recommending policies and policy actions to *all* Boards for their consideration, including adopting new policies, revising existing policies and deleting obsolete policies *in each District and the SAU (if applicable)*.
- B. Policy Committee Meetings and Agendas. The Superintendent or his/her designee, in consultation with the Policy Committee Chair shall prepare all agendas for the meetings of the Policy Committee.
- C. Review of Existing Manual. The Policy Committee shall establish a schedule for reviewing existing Board policies, and forming recommendations regarding the same for the Boards.
- D. Procedures for Policy Development and Review,
  - 1. Individual Board members, Board standing or special committees, the Superintendent or other interested persons may submit policy suggestions, concerns, and/or drafts to the Policy Committee, in care of the Superintendent.
  - 2. The Superintendent or designee is responsible for notifying the Board and the Policy Committee of all policy updates and revisions provided by the New Hampshire School Boards Association. The Policy Committee will review such updates and make recommendations deemed appropriate under this policy.
  - 3. The Policy Committee, with the assistance of the Superintendent, will review and research policy suggestions and prepare draft policies, as appropriate. The Policy Committee may delegate research and initial drafting to other Board standing committees, to District staff or others at the discretion of the Policy Committee and the Superintendent. If a policy is referred to a committee, staff, professional or other person for initial review/drafting, the policy shall be reviewed by the Policy Committee before submission to *SAU-wide review and approval process*.

## AMHERST, MONT VERNON, SOUHEGAN, and SAU39 POLICY

4. The Superintendent should seek counsel of the Board's attorney or the New Hampshire School Boards Association when there may be a question of legality or proper legal procedure in the substance of any proposed or current board policy.
  5. The Policy Committee may also seek input from other affected persons and/or groups as appropriate.
  6. The Policy Committee will provide recommendations for new policies (including full text of policies/revisions to be considered for action by *any* Board), as well as recommendations for repeal of existing policies, *to the SAU Board prior to September 1 each year*. Policy Committee reports should also include any information requested by *any* Board, and any other information deemed appropriate by the Policy Committee.
- E. Actions Required to Approve, Revise or Repeal Policies. Any final action regarding the approval of a new policy, or revision or repeal of an existing policy, requires a majority vote of a quorum of the governing Board *of a district that is adopting it, or the SAU Board for policies that apply to the SAU*, at a public meeting.
1. *To assure that policies are identical to the extent possible across the SAU and its constituent Districts, Policy Committee recommendation shall be placed on the agenda of a regular SAU Board meeting for review and discussion among all the constituent School Board members (for policies actions applicable to individual Districts), or among SAU Board members (for policy actions applicable at the SAU level). The SAU Board, at this informational session, shall identify concerns or desired changes to the recommendations, and refer draft Policies that require amendment back to the Policy Committee for review and revision, in a good faith effort to find common language to the extent possible. Once consensus is reached at the SAU Board level (or customizations for specific district concerns are determined to be necessary), recommendations shall move on to the individual Districts (or the SAU Board for SAU Policies) for review and adoption.*
  2. Policy Committee recommendations shall be placed on the agenda of each individual District at a regular Board meeting and will be made part of the agenda package for that meeting.
  3. *Policies (new, or recommended for amendment or rescission) that are intended to apply to a single District in SAU 39 shall bypass SAU 39 Policy Committee and SAU Board initial review, and follow the same process for review, comments, amendment, and adoption as for other policies within District, starting with a "first reading".*
  4. All new policies, and/or revisions to existing Board policies are subject to a "first reading" by the full Board to occur at a regular Board meeting. (There is no requirement that proposed policies/revisions be read aloud at the meeting, although either a majority of the Board or the Chair may determine that actual reading is appropriate).
  5. The Board will allow opportunity for public comment on policy proposals per Board policy as part of its Public Time, or in an additional time as determined by the Chair.

## **AMHERST, MONT VERNON, SOUHEGAN, and SAU39 POLICY**

6. Any changes agreed upon or requested by the board during the first reading shall be sent back to the Policy Committee to attempt to find standardization across all Districts if the policy is intended to be identical SAU-wide, and the process shall restart. If the Board intends to not adopt a uniform version, the changes shall move forward to the next reading.
7. At the next Board meeting (or a later meeting, if so agreed by the Board), the policy shall be placed on the agenda for a second (or additional) reading, and action. Amendments may be made and acted upon at that meeting, or may be referred for further revision, etc.
8. Prior to final approval by the Board, each policy will be titled, dated, and coded consistent with the classification system used by the New Hampshire School Boards Association.
9. Board action regarding the adoption, revision or repeal of policies will be included in the minutes of the meeting at which the official action is taken.
10. Approved policies become effective immediately unless the motion to approve the policy, or the policy itself, includes a specific implementation date.

### **F. Suspension of Policy Process.**

1. The Board may adopt, amend, or repeal written policies at any meeting by a majority vote of Board members in attendance, provided that public notice of the proposed action was given at a previous Board meeting and that each Board member was notified of the proposed action. For purposes of notification, a meeting agenda delivered to each Board member is deemed sufficient if it identifies the policy to be acted upon.
2. On matters of unusual or unexpected urgency, the Board may waive the second meeting limitation and take immediate action to adopt a new policy or revise an existing policy.

### **G. Policy Dissemination, Records and Manual Updates.**

1. All Board policies, and any written administrative rules and regulations implementing such policies constitute governmental records and are subject to the provisions of RSA 91-A.
2. Notice of new, revised, and deleted policies should be provided to affected groups (i.e., school staff, students, parents) and posted on the district website and by other such appropriate means determined by the Superintendent.
3. The Superintendent shall retain as government records copies of all policies deleted from the Board policy manual.
4. An up-to-date policy manual shall be maintained on the District's website with a hard copy, in the Superintendent's Office.

### BHE – BOARD USE OF EMAIL AND OTHER ELECTRONIC COMMUNICATIONS

#### A. General.

Use of electronic communications by members of the Board shall conform to the same standards of judgment, propriety, and ethics as other forms of Board-related communication.

For purposes of this section, “electronic communications” includes, without limitation, electronic mail (“email”), electronic chat, instant messaging, texting, and any form of social networking that allows two-way comment/input.

Electronic communications among a quorum of the Board, shall not be used for the purpose of discussing District or Board business.

Board members shall avoid reference to confidential information about staff, students or other individuals. Intentional disclosure of such information may subject a board member to individual liability and may constitute a violation of the oath of office.

#### B. Applicability of New Hampshire’s Right to Know Law.

1. Meetings. With very limited exceptions, New Hampshire’s “Right to Know” law, RSA 91-A, requires that public bodies (e.g., the board, and any of its sub- or advisory committees) conduct deliberations and decision-making during duly noticed meetings that the public may attend. Under RSA 91-A:2, I, a “meeting” occurs when a quorum of a public body discusses (in any manner that allows for contemporaneous communication) a matter over which that public body has supervision, control, jurisdiction, or advisory power. Thus, any electronic communication discussing district or school business that circulates among a majority of a quorum of the board could constitute a meeting and a violation of the Right to Know law.

As to social media especially, board members must exercise great care to assure less than a quorum ever comments on a post or thread regarding school business.

2. Ministerial Communications. Administrative or ministerial communications which do not include substantive discussion are not prohibited by the Right to Know law or this policy. Examples of permitted ministerial communications, electronic or otherwise, include:

- ☐ Agenda item suggestions (with no discussion of substance);
- ☐ Reminders for upcoming meetings;
- ☐ Communications needed to schedule meetings;
- ☐ Board meeting agendas with supporting materials.

1. 3. Electronic Communications as Records. Any written communication (including electronic communications) created, accepted, or obtained by or on behalf of the Board or a majority/quorum thereof constitute a “record” of the district. Such records are subject to disclosure unless exempted under RSA 91-A:5 or other law. Likewise, electronic communications are subject to the District’s record retention policies and schedule. {\*\*} EHB and EHB-R.

### **BIE – BOARD MEMBER INDEMNIFICATION**

The members of the Board and its employees and agents act as agents of the District. None of these individuals should be placed in a position of personal liability for the performance of the responsibilities vested in them by the voters of the District and the state and federal governments.

In order to protect the individual members of the Board, its employees and other agents, and the educational interest of the community, the District/SAU will purchase, from public school funds, in the absence of governmental immunity or in coordination with governmental immunity, adequate insurance to indemnify Board members and agents of the District for their official actions in the service of the School District.

## **DID - FIXED ASSETS (Inventories)**

The Superintendent will designate the person responsible for managing capital assets and maintaining the fixed assets inventory. In accounting for capital assets, Business Administrator will implement the standards required by Statement 34 of the Governmental Accounting Standards Board.

Capital assets are real or personal property that have a value equal to or greater than the capitalization threshold of the particular classification of asset, and have an estimated useful life of greater than five years. Fixed assets are additional material items purchased or obtained that have a value less than the capitalization threshold for capital assets but are material to the inventory.

Capital Assets include: Land, Land Improvements (not depreciable), Land Improvements (depreciable), Infrastructure, Construction in Progress, Buildings and Building Improvements, Vehicles, Furniture, and Equipment & Machinery.

Fixed Assets include: Technology equipment (computers, printers), and Custodial equipment (scrubbers, buffers).

All assets, or at least a representative sampling, including those that are reported on a composite basis, must be evaluated annually to reflect either an increase or decrease in total value.

### **CAPITALIZATION THRESHOLD**

For financial reporting purposes, capitalization thresholds are set at \$20,000 per item, or for like-kind (aggregate) purchases, for all classes except Infrastructure assets, which are capitalized and depreciated if over \$100,000 per item.

### **ESTIMATED USEFUL LIFE THRESHOLD**

For financial reporting purposes, an asset must have an estimated useful life greater than five years to be considered for capitalization and depreciation.

### **ACQUISITION OF ASSETS**

Assets may be acquired through donation, purchase, or may be constructed. The asset value for donations will be the fair market value at the time of the donation. The asset value, when purchased, will be the initial cost plus the trade-in value of any old asset given up, plus all costs related to placing the asset into operation. The asset value of constructed assets will include all costs of construction.

**EB – WORKPLACE SAFETY PROGRAM & JOINT LOSS MANAGEMENT COMMITTEE**

A. Workplace Safety Program.

The Superintendent shall prepare and maintain a current workplace safety program as required under RSA 281-A:64, which program shall be filed with the Commissioner of the New Hampshire Department of Labor, and updated at least biennially. The workplace safety program shall meet the requirements established by the Department of Labor (see NH Code of Admin. Rules Lab 602.01-02), and, among other things, shall include a plan for responding to violent acts committed by students against employees, volunteers, and visitors.

B. Joint Loss Management Committee.

The Superintendent will cause the formation of the Joint Loss Management Committee (the “Committee”) as required by RSA 281-A:64, III. The purpose of the Committee is to bring workers and management together in a non-adversarial, cooperative effort to promote safety and health in each workplace. The Committee’s recommendations are advisory only, and are intended to assist the employer.

The composition, function and duties of the Committee shall be as provided under New Hampshire Department of Labor rules Lab 603.01, 603.02 and such other rules as the Department of Labor may, from time to time, adopt. The Committee shall also address protocols for employees to follow in relation to workplace violence, including training as required by RSA 281-A:64, III.

The Committee shall meet at least quarterly, with the first meeting each year to occur before the beginning of the student school year.

1. Attend all proper Board meetings, insofar as possible, and become informed concerning issues to be considered at those meetings.

### BEDB - AGENDA PREPARATION AND DISSEMINATION

*See Also BEDA, BEDH*

The Superintendent shall prepare all agendas for meetings of the Board. In doing so, the Superintendent shall consult with the Board Chairperson.

Items to be placed on the agenda should be received by the Superintendent at least fourteen days prior to the meeting. Every Board member has the right to place items on the agenda. Matters not included in the agenda may be presented during the meeting provided the Board agrees to discuss the matter. The Board may choose not to deal with every agenda item.

Consistent with RSA 91-A:3 and the laws pertaining to student and family privacy rights, the Board will not place any matter on the public meeting agenda that is to be properly discussed in a non-public session. This shall not preclude the Board from giving notice of its intent to hold or enter into a non-public session and the statutory reason for doing such.

Any Board member, staff member, student, or citizen of the District may suggest items of business. The inclusion of items suggested by staff members, students, or citizens shall be at the discretion of the Board Chairperson.

The Board shall follow the order of business set up by the agenda unless the order is altered with the consent of the members present. The Board, however, may not revise Board policies, or adopt new ones, unless such action has been scheduled, or unless there is an emergency.

The agenda and supporting materials should be distributed to Board members at least seven days prior to the Board meeting. Board Members shall be expected to read the information provided them and to contact the Board Chair to request additional information that may be deemed necessary to assist them in their decision-making responsibilities.

When the final agenda has been established, it will be made available to the public, upon request. Members of the public who wish to speak at Board meetings regarding an agenda item are encouraged to contact the Superintendent prior to the Board meeting. Additionally, the Board reserves the right to limit public discussion at Board meetings to agenda items only. Supporting materials sent with the agenda are subject to disclosure by the Right-to-Know law. Board members shall not disclose any materials marked as confidential or otherwise exempt from disclosure under the Right-to-Know law.

Notices of meeting shall be consistently posted on the District's web site in a reasonably accessible location.

### **BEDDA – BOARD MEETING - RULES OF PROCEDURE & ORDER**

**Purpose:** The purpose of this policy is to help promote effective and efficient board meetings.

#### **A. General Principles.**

1. Meeting rules should facilitate, rather than inhibit, the Board's deliberation and decision-making process. The rules should be readily understandable and help keep meetings free from procedural quagmires.
2. All board members have equal rights, privileges and obligations in the deliberative and decision-making process. Meeting rules should help assure that each member is able to participate in the debate, and that no single member is able to dominate discussion to the exclusion of other members.
3. Every board member, and the public in attendance, has the right to hear what is going on at all times.
4. A meeting can deal effectively with only one specific matter at a time.
5. Members have a right to know beforehand what they will be discussing and/or voting upon.
6. A school board meeting is a meeting at which the Board conducts its business. While board meetings are open to the public (except as provided under RSA 91-A:2 and 3), board meetings are not public hearings where the public has the right to speak. Public comment at board meetings shall be governed by Board Policy {\*\*}BEDH.

#### **A. B. Meeting Rules.**

1. The Board Chair shall preside over all meetings of the Board. In the Chair's absence the Vice Chair will preside, followed by the most senior member then present.
2. By majority vote, the Board can overrule any ruling of the presiding officer regarding the application of these rules. A board member can raise such a request by a "Point of Order", followed by a motion with respect to the specific decision.
3. The presiding officer may make adjustments to the agenda with the consent of the majority, whether by vote or otherwise.
4. All speakers should be courteous and should speak on the issue then under discussion, not to the individuals raising them.
5. Each board member has the right to participate in discussion and debate if he/she wishes, before any other member may speak a second time.
6. No one may speak unless he or she has been recognized by the presiding officer. A board member may interrupt only to state a "Point of Order", "Point of Information" or "Point of Inquiry". The presiding officer will then recognize the member for the limited purpose of stating the point of order, etc..
7. The presiding officer may decide, on his/her own initiative, or upon request by a board member, to recognize a non-board member, to address the Board with respect to the matter then under discussion.
8. Agenda items requiring action by the Board should be preceded by a specific motion, clearly articulated, followed by a second. Motions should address only one issue or idea. If a motion is complex, or has conditions, the motion should be written out and read back by the Board's minute taker.

## AMHERST, MONT VERNON, SOUHEGAN, and SAU39 POLICY

9. If a motion does not receive a second, then the motion is treated as if it were not considered by the Board. Such a matter may be raised again at a later date in accordance with the Board's agenda policy and rules.
10. When a motion is on the floor, no new topics should be debated, and no new motions will be accepted, other than the following motions addressing the main motion or the meeting itself:
11. As provided under RSA 91-A:2, II for open sessions, and 91-A:3, III for non-public sessions, no vote may be taken by secret ballot.
12. The presiding officer should, in accordance with the duties of all board members, vote on every issue.

Call the question/close debate	Non-debatable	2/3 (67%)
Refer to Committee/Admin Study	Yes	51%
Postpone to a Later Time (Diff. day)	Yes	51%

For roll call* vote <i>*All votes in non-public must be by roll call</i>	No	2 members
Recess	Non-debatable	51%
Adjourn	Non-debatable	51%

14. Abstentions are noted and counted, but do not affect the outcome of the vote.

15. Motions for reconsideration are not favored except when new circumstances exist or a perceived error has been made. Motions for reconsideration may only be raised at the same meeting as the original decision by a person who voted in favor of the original motion. Motions for reconsideration at a later meeting may only be considered when approved by a 3/5 super-majority, and only when the proposed motion is posted with the agenda for the subsequent meeting. Only one motion for reconsideration on an issue may be made at a meeting later than the meeting at which the original decision was made, irrespective of whether the first motion for reconsideration is successful. This provision shall only apply to the Board as constituted as of the date of the original decision.

16. The presiding officer may rule any member or other person out of order if such person disrupts the orderly conduct of a meeting, behaves in a disorderly manner, makes unlawful threats, willfully violates any of the above rules of order/procedure, or engages in any unprotected speech. **Re: Superintendent Report – October 2021**

Dear Mr. O'Keefe,

I am providing my monthly update for the SAU 39 Board on several topics concerning the Amherst, Mont Vernon, and Souhegan Cooperative School Districts.

## COVID-19 Status Update (October 5, 2021):

*PUBLIC* SAU #39 COVID-19 Dashboard : ActiveCases

## Budget Prep:

Amy Facey is doing an outstanding job preparing our proposed budgets. As those are rolled out, we will engage in significant discussions, as always.

Through this process, Amy is already preparing an amended schedule for the FY24 budget preparation process.

Our budget requires no significant investments in our strategic vision. Every decision we make is based on advancing our goals of a plan for every student, a challenge for every student each day, a more affordable next step for students, and an anchoring adult for each student.

An area of focus for the next year will be on improving instructional time for students and supporting instructional improvements of our entire operation. Again, this focus will not require budgetary investment, but will require budgetary adjustments that we believe will be budget neutral. These changes will result in a reallocation of our staffing resources.

One operational issue that is tangentially related to our strategic vision is around performing arts and specifically music. While I do not suspect this action will result in a net increase in our budgets, I will be recommending the creation of a K-12 performing arts director/administrator position that will be a reallocation of a position from Souhegan High School. This position will still teach at Souhegan but will help us develop a much stronger music and performing arts program throughout our SAU. Stay tuned.

### Bus Transportation:

We continue to closely monitor bus issues. We are adjusting routes as needed and are monitoring buses on a daily basis. I held a parent forum on 10/4 that was attended by over 50 parents. Here is a snapshot of the data we track on a daily basis:

### **BGD – BOARD REVIEW OF ADMINISTRATIVE REGULATIONS**

The Board reserves the right to review, revise or rescind administrative regulations should they, in the Board's judgment, be inconsistent with the policies adopted by the Board.

**BGF – SUSPENSION OF POLICIES**

The policies of the Board are subject to suspension only upon a majority vote of the entire Board membership at a meeting for which the proposed suspension has been described in writing, or upon a unanimous vote of the entire Board membership when no such written notice has been given.

Those Board policies which pertain to the internal operations of the Board are subject to suspension only upon a two-thirds vote of all members of the Board at a meeting for which the proposed suspension has been described in writing, or upon a unanimous vote of the entire Board membership when no such written notice has been given.

**EHAC – ELECTRONIC/DIGITAL RECORDS & SIGNATURES**

**A. Statement of Policy.**

Electronic or digital signatures can take many forms and can be created using many different types of technology. The authenticity and reliability of electronic signatures relating to transactions are dependent on the accompanying processes, supplemental records and the overall context in which records are created, transferred, and signed. The School Board adopts the following policy with respect to the use of electronic records and signatures in connection with its communications with parents, guardians, or other persons having control over a child enrolled in the District.

**B. Definitions.**

**“Attribution” or “Attributable to”** – An electronic record or electronic signature is attributable to a person if it was the act of the person. The act of the person may be shown in any manner, including a showing of the efficacy of any security procedure applied to determine the person to which the electronic record or electronic signature was attributable. The effect of an electronic record or electronic signature attributed to a person under paragraph I is determined from the context and surrounding circumstances at the time of its creation, execution, or adoption, including the parties' agreement, if any, and otherwise as provided by law.

**“Digital”** – As used in the title or otherwise in this policy is intended to have the same meaning as or as a sub-category of “Electronic”.

**"Electronic record"**– Means a record created, generated, sent, communicated, received, or stored by electronic means.

**"Electronic signature"**– Means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

**"Record"**– Means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

**C. Applicability.**

This policy applies to parents, guardians, and other persons having control or charge of a child enrolled or formerly enrolled in the District, eligible students as used in the Family Educational Rights and Privacy Act; and also to individuals affiliated with the District, whether employees or not, paid or unpaid, including but not limited to teachers, administrators, staff, students, affiliates, and volunteers.

**D. Acceptance, Use and Issuance of Electronic Records and Signatures.**

1. The District may receive and accept as original, electronic records and signatures so long as the communication, on its face, appears to be authentic and is not otherwise precluded by law.
2. The District, through the Superintendent, shall maintain an electronic recordkeeping system that can receive, store, and reproduce electronic records and signatures relating to communications and

### **EHAC – ELECTRONIC/DIGITAL RECORDS & SIGNATURES**

transactions in their original form. Such system should include security procedures whereby the District can:

- a) assure signature intent,
  - b) verify the attribution of a signature to a specific individual,
  - c) allow for reliable access and use to those who would have access to the record if in hard copy form for the period required under the District's Data/Records Retention Policy (EHB) and Schedule (EHB-R),
  - d) detect changes or errors in the information contained in a record submitted electronically,
  - e) protect and prevent access, alteration, manipulation or use by an unauthorized person, and
  - f) provide for nonrepudiation through strong and substantial evidence that will make it difficult for the signer to claim that the electronic representation is not valid.
3. To the extent practicable, the Superintendent will implement and maintain a system to require a secure hard copy log of the actual signature of any individual authorized to provide an electronic signature on behalf of the District, or on behalf of the School Board specifically.
  4. The Superintendent shall ensure that all electronic records and signatures are capable of being accurately reproduced for later reference, and are retained until such time as all legally mandated retention requirements are satisfied.
  5. Any electronic records or electronic signatures technology shall comply with the District's Data Governance and Security Plan.

#### **E. Electronic Records.**

Electronic records created or received by the District shall be appropriately attributed to the individual(s) responsible for their creation and/or authorization or approval. The District shall utilize available technology to implement reliable methods for generating and managing electronic records. Any electronic record filed with or issued by the District may be given full force and effect of a paper communication if the following conditions are satisfied:

1. The communication is an electronic filing or recording and the District, through the School Board Chair, or the Superintendent or his/her delegate, agrees to accept or send such communication electronically; and
2. If a signature is required on the record or communication by any statute, rule or other applicable law or School Board policy, the electronic signature must conform to the requirements set forth in this policy governing the use of electronic signature, and any other standards required by applicable law or regulation.

#### **F. Electronic Signatures.**

## **AMHERST, MONT VERNON, SOUHEGAN, and SAU39 POLICY**

### **EHAC – ELECTRONIC/DIGITAL RECORDS & SIGNATURES**

An electronic signature may be used whenever a signature is required, unless there is a specific statute, regulation, or policy that requires records to be signed in non- electronic form. The issuance and/or acceptance of an electronic signature by the District may be permitted in accordance with the provisions of this policy and all applicable state and federal law. If permitted, such electronic signature shall have the full force and effect of a manual signature only if the electronic signature satisfies all of the following requirements:

1. The electronic signature identifies the individual signing the document by his/her name and title;
2. The electronic signature is unique to the signer;
3. The District and the other party have agreed to the use of electronic signatures (need not be a formal agreement);
4. The identity of the individual signing with an electronic signature is capable of being validated through the use of an audit trail;
5. The electronic signature and the document to which it is affixed cannot be altered once the electronic signature has been affixed;
6. The electronic signature conforms to all other provisions of this policy and applicable law;

#### **G. Procedures and Practices.**

The Superintendent may adopt procedures and/or practices to implement this policy, including for such things as format requirements, regulations with respect to use of email signatures, saving and retention of electronic records, or records transmitted via email.

**GBCD – BACKGROUND INVESTIGATION AND CRIMINAL HISTORY RECORDS CHECK**

- A. Background Investigation.** The Superintendent, or their designee, will conduct a thorough investigation into the past employment history, criminal history records, and other appropriate background of any applicant as defined in this policy. This investigation shall be completed prior to making a final offer of employment, approving the contract with an individual contracting directly with the District, or approving the assignment of an employee of a contractor, a student teacher, or “designated volunteer” (as defined in policy IJOC) to work or serve within the District. *All decisions regarding employment and the pre-employment process shall conform to the District’s Anti-Discrimination and Equal Opportunity policy, AC.*

As part of the application process, each applicant shall be asked whether they have ever been convicted of any crime and whether there are any criminal charges pending against them at the time of application. The applicant will also be directed to report any criminal charges brought against them after the application is submitted and until either hired or notified that they will not be hired.

Record of background investigations (not all source documentation) shall be retained pursuant to the District’s Record Retention Schedule EHB-R.

- B. False Information.** The falsification or omission of any information on a job application, during the pendency of the application, or in a job interview, including, but not limited to, information concerning criminal convictions or pending criminal charges, shall be grounds for disqualification from consideration for employment, withdrawal of any offer of employment, or immediate discharge from employment.
- C. “Covered Person” and “Applicant” Defined.** Except as otherwise provided in this Policy, the term “Covered Person” shall mean employee, coaches, trainers, designated volunteer, whether direct or through a volunteer organization, including but not limited to cafeteria workers, school bus drivers, custodial personnel, or any other service where the contractor or employees of the contractor provide services directly to students of the district.

The term “applicant” as used in this policy shall include an applicant for employment or any person seeking to serve in any position falling with the term “covered person” as defined above.

- D. Criminal History Records Check.** As part of the District’s background check, each covered person/applicant must submit to a criminal history records check through the State of New Hampshire in full compliance with RSA 189:13-a. No covered person shall be employed, extended a conditional offer of employment (as described below), or begin service in the District, until the Superintendent, or his/her designee, has initiated the formal State and FBI criminal history records check process and a background investigation.

The applicant shall provide the District with a criminal history records release form as provided by the New Hampshire State Police along with a full set of fingerprints taken according to that statute. The release form generally authorizes the State Police to conduct a criminal history records check through its state and records of the Federal Bureau of Investigation, and to release a report of any misdemeanors and/or felony convictions, as well as any charges pending disposition for any crimes listed in the then current paragraph V of RSA 189:13-a (“**Section V Offenses**”). Refusal to provide the required criminal history records release form (with fingerprints) and any other required releases to authorize the criminal history records check will result in immediate disqualification of the applicant and no further consideration for the position.

## AMHERST, MONT VERNON, SOUHEGAN, and SAU39 POLICY

**E. Exceptions for, Substitute Teachers, Bus Drivers & Bus Monitors.** The following exceptions apply only to the State Police/FBI criminal history records check provisions of this policy. The Superintendent shall, nonetheless, require a full background investigation for the excepted employees, and for applicants for school bus driver or monitor employed directly by the District, the background check shall include a full background check, including a state criminal record release from an applicant for a bus driver or monitor for district positions.

- 1. Substitute Teachers and Other Non-“Applicant” Educational Staff.** Pursuant to RSA 189:13-a, IX(a), substitute teachers and other staff who do not meet the definition of “applicant” above, may initiate a criminal history records check with the Superintendent as described above. The State Police, however, shall issue its report directly to the potential substitute teacher/staff person. The report shall be valid for 30 days from the date of issuance and constitutes satisfactory proof of compliance with RSA 189:13-a.
- 2. Bus Drivers and Bus Monitors** Pursuant to RSA 189:13-a, VI and RSA 189:13-b, criminal history records checks for bus drivers and bus monitors shall be processed through the New Hampshire Department of Education.

**F. Results of Criminal History Records Check.** The results of the criminal history records check shall be delivered to the Superintendent who shall be responsible for maintaining their confidentiality. If the results of the records check disclose no criminal record, the results and information shall be destroyed immediately following review by the Superintendent. If the results indicate criminal conviction or indicate any charge pending disposition of a Section V Offense, then the Superintendent shall review the information for a hiring decision, but shall destroy the records within 60 days of receiving the information.

**Non-Section V Offenses.** In addition to disqualification based upon conviction or pending charges for a Section V Offense, the Superintendent may deny a final offer of employment or serve/work in the schools for convictions or charges of other misdemeanors or felonies, provided the basis for disqualifying the candidate is job related for the position in question and is consistent with business necessity and the best interests of the students and the District. Such determination will be made by the Superintendent in accordance with the established protocol and on a case-by-case basis. For non-Section V Offenses, which the applicant discloses, or which come to light during the background check, the presumption of innocence shall apply, however, the Superintendent shall consider all reliable information in assessing the applicant's suitability. The Superintendent shall assess whether, in light of the totality of the circumstances, the pending charges or convictions raise reasonable cause to doubt the applicant's suitability for the position.

If the Superintendent chooses to nominate an applicant who has a history of conviction or pending charges of a crime (non-Section V Offense), then the final hiring decision must be approved by the School Board, who shall be informed generally of that history in non-public session.

**G. Conditional Offer of Employment.** Persons who have been selected for employment may be given a conditional offer of employment, with the final offer subject to the successful completion of the background check, the State Police and FBI criminal history records check, and a determination that there are no disqualifying pending charges or convictions.

Any person who is offered conditional employment, by way of individual contract or other type of letter of employment, will have clearly stated in such contract or letter of employment that his/her employment or approval to work within the District as a contractor or employee of a contractor is entirely conditioned upon the results of a criminal history records check and background check being satisfactory to the District.

## AMHERST, MONT VERNON, SOUHEGAN, and SAU39 POLICY

**H. Final Offer of Employment.** No applicant shall be extended a final offer of employment or be allowed to serve in the District if such person has charges pending or has been convicted of any Section V Offense; or where such person has been convicted of the same conduct in another state, territory, or possession of the United States; or where such person has been convicted of the same conduct in a foreign country.

An applicant may only be extended a final offer of employment or final approval to work/serve within the District's schools upon the satisfactory completion and results of criminal history records check and background check,

- I. Fees for Criminal History Records Check.** Any applicant for whom the Board requires a criminal history records check, or, in the instance of third party contractors, the applicant's employer, shall pay the actual fees and costs associated with the fingerprinting process and/or the submission or processing of the requests for the criminal history records check, unless otherwise determined by the Board.
- J. Administrative Protocols/Procedures.** The Superintendent is authorized to establish written protocols for background investigations, which protocols may vary depending on the nature of the position(s) (e.g., verification of academic records and achievements for certified professionals, credit checks for personnel with fiscal responsibilities). The written protocols may include additional disqualifying misdemeanor or felony convictions or charges in addition to the Section V Offenses.
- K. Contractor and Vendor Provisions.** The Superintendent shall take such steps as are necessary to assure third party agreements which involve covered personnel to include a provision for such personnel to complete criminal history records checks as required under this policy, as well as training and information required under policy GBCE.
- L. Additional Criminal Records Checks.** The Superintendent may require a state criminal history records check of any covered person at any time to the extent permitted by law.
- M. Reports of Post-Employment/Service Section V Offenses.** When the District receives a notification of a covered person being charged with or convicted of a Section V Offense or other crime which is evidence of the individual's unsuitability to continue in their role, the Superintendent shall take immediate appropriate action to remove the individual from contact with students. Employees shall be placed on paid administrative leave, if not subject to and immediately discharged. The Superintendent will then take appropriate employment or other action, consistent with law and any applicable employment contract or collective bargaining agreement to address the individual's ongoing relationship with the District. If the person charged/convicted of a Section V Offense is a credential holder as defined in the New Hampshire Code of Conduct for Educators, the Superintendent shall make report to the Department of Education pursuant to section 510.05 of the Code and Board policy GBEAB.

## GBEB - STAFF CONDUCT

### A. General Provisions.

All employees have the responsibility to make themselves familiar with, and abide by, the laws of the State of New Hampshire as they affect their work, all policies and decisions of the Board, and the administrative regulations and directives designed to implement them.

All employees shall be expected to carry out their assigned duties, support and enforce Board policies and administrative regulations, submit required reports, protect *School* property, *provide* oversight of students and contribute to the education and development of students.

Employees are advised that failure to abide by this and other ~~school~~ Board policies can lead to disciplinary action, up to and including dismissal, and can result in non-renewal. Any action taken regarding an employee's employment will be consistent with all rules, laws, and collective bargaining agreements, if applicable.

### B. Adoption and Incorporation of Standards of Code of Conduct for New Hampshire Educators.

The Board incorporates by reference, and adopts as independent standards of conduct relative to employment in the District, the provisions of the New Hampshire Code of Conduct for New Hampshire Educators (Ed 510.01-510.05) (the "NH Code of Conduct"), as the same may be amended by the State from time to time. The District reserves the right to take employment action against any professional employee based upon the District's interpretation of the provisions of the NH Code of Conduct and the District's independent assessment of whether an employee has violated said provisions. The District's interpretation, assessment and/or action thereon, are independent of any interpretation by the New Hampshire Department of Education ("DOE") with respect to those standards, and irrespective of any investigation by or action taken by the DOE relative to a District employee's conduct.

### C. Dissemination.

The content or a copy of this policy should be included in every employee/staff member handbook, and/or otherwise provided annually to each employee, designated volunteer, and contracted party.

**GBEBE – EMPLOYMENT OF RELATIVES OR PERSONS WITH ROMANTIC PERSONAL RELATIONSHIPS**

The School Board desires to maximize staff and community confidence in district hiring, promotion, and other employment decisions by promoting practices that are free of conflicts of interest or the appearance of impropriety.

The Board prohibits the appointment or continuing assignment of any person to a position for which his/her relative or a person with whom he/she has an intimate or romantic relationship maintains management, supervisory, evaluation, or promotion responsibilities. The Board further prohibits an employee from participating in any decision that singularly applies to any of his/her relatives or to any person with whom he/she has an intimate or romantic relationship.

In the event that an employee marries or enters into an intimate or romantic relationship with a person in a position for which he/she maintains management, supervisory, evaluation, or promotion responsibilities, the Superintendent or designee shall first attempt to reach a collaborative resolution with the parties involved. If a collaborative resolution cannot be reasonably reached, the Superintendent shall have discretion to reassign one or both of the employees to eliminate any potential conflict of interest.

In the event that one of the employees is the Superintendent, the specific remedies with respect to the Superintendent shall be determined by the School Board after consultation with the Board's attorney. For purposes of this policy, "relatives" includes the individual's spouse, domestic partner, parents, grandparents, great-grandparents, children, grandchildren, great-grandchildren, brothers, sisters, aunts, uncles, nieces, nephews, cousins, and the similar family of the individual's spouse or domestic partner.

For the purposes of this policy, an "intimate or romantic relationship" includes dating, sexual contact of any type, or any other similar private activity that might compromise an employee's ability to evaluate his/her partner effectively or impartially.

In addition, the Superintendent or designee may, on a case-by-case basis, refrain from appointing a person to a position in the same department or facility as an employee with who he/she maintains a personal relationship when that relationship has the potential to create: (1) an adverse impact on supervision, safety, security, or morale of other district employees; or (2) a conflict of interest for the individuals involved which is greater because of the their relationship than it would be for another person.

An employee shall notify his/her supervisor within 30 days of any change in his/her circumstances that may constitute a violation of this policy.

## **SOUHEGAN and SAU39 POLICY**

### **GBK - STAFF CONCERNS, COMPLAINTS, GRIEVANCES**

#### **A. PRINCIPLES**

It is the Board's desire that procedures for settling differences provide for prompt and equitable resolution at the lowest possible administrative level and that each employee be assured an opportunity for orderly presentation and review of complaints without fear of reprisal. The Board encourages the resolution of employee concerns prior to entering the concern communication procedure, which is defined below.

A "concern" or "complaint" is defined as an alleged material violation Board policies or administrative procedures that apply to all employees.

*Complaint processing should be viewed as a positive and constructive effort which seeks to establish the facts upon which the complaint is based and come to a fair conclusion. Employees will not be discriminated against nor will reprisal be attempted against an employee because the employee filed a complaint. Complaints, grievance correspondence, and decisions shall be kept in a separate grievance file in the superintendent's office. [from existing SCSD policy]*

*An employee has the right to have a representative of choice present when processing a complaint or grievance at any level. [from existing SCSD policy]*

*A "grievance" is defined as is a formal employee complaint that is an accusation of a violation of workplace contract terms or policy. The process designated for the resolution of "grievances" is established in the absence of a collective bargaining agreement. [Added to clarify non-CBA process]*

Nothing in this policy shall be construed to imply in any manner the establishment of personal rights not explicitly established by statute or Board policy. Neither shall anything in this policy be construed to establish any condition prerequisite relative to non-renewal of contracts, transfer, assignment, dismissal or any other employment decision relating to school personnel.

All employment decisions remain within the sole and continuing discretion of the administration and/or the Board, as appropriate, subject only to the conditions and limitations prescribed by law.

In order to promote efficiency in administration and to avoid misunderstandings and misinterpretations, all personnel must observe a chain of command when bringing staff concerns or complaints to the administration's attention.

In order to promote such efficiency, the following guidelines should be followed:

1. All employees shall be responsible to the Board through the Superintendent. No dispute or other personnel issue shall be brought to the Board without first having gone to the Superintendent for determination. No personnel issues will be brought to the Board unless the affected employee has a right to a hearing before the Board, as established by law, *policy*, or collective bargaining agreement.
2. No dispute or other personnel issue shall be brought to the Superintendent without first having been presented to the building Principal (or in the case of SAU employees, the supervising administrator) for determination.
3. Building personnel working under the immediate direction and/or supervision of

## SOUHEGAN and SAU39 POLICY

### GBK - STAFF CONCERNS, COMPLAINTS, GRIEVANCES

someone other than the Principal or SAU administrator will inform their immediate superior of any dispute or personnel issue s/he intends to bring to the Principal or administrator.

It is the Board's policy not to involve itself in personnel complaints or disputes until the matter has properly followed these guidelines.

Unless the affected employee has a right to hearing before the Board, administrative decisions shall be final. An employee's failure to adhere to such decision or directive may be considered insubordination and may lead to adverse employment action.

#### B. PROCEDURES

Complaints will be processed according to the step-by-step procedures outlined below:

## **SOUHEGAN and SAU39 POLICY**

### **GBK - STAFF CONCERNS, COMPLAINTS, GRIEVANCES**

*b. The Board will schedule the matter for review within 20 workdays following receipt of the request. The Board will render a decision within 10 workdays after the review, and such decision will be deemed final.*

## **AMHERST, MONT VERNON, SOUHEGAN and SAU39 POLICY**

### **KICL – PUBLIC ACCESS TO SAU 39 NETWORKS**

The Board recognizes that public access to school networks is desirable or necessary for many activities where parents, relatives, and friends of students and staff, and members of the public are on school property, and access to the internet through school networks is desirable for members of the public attending non-school-related activities on school property.

The Superintendent or designee shall ensure that all networks managed by SAU 39 accessible to the public have a technology protection measure that prevents access to visual depictions that are obscene or pornographic and that the operation of such measures is enforced. The Superintendent or designee may disable the technology protection measure during use by an adult to enable access for bona fide research, educational or other lawful purpose.

The Superintendent shall establish administrative regulations and an Acceptable Use Agreement that outlines the obligations and responsibilities related to the use of SAU 39 network technology by any person not otherwise covered by Policy JICL (District Online Access for Students) or Policy GBEF (Internet Access for Staff). The Superintendent also may establish guidelines and limits on the use of technological resources. Inappropriate use may result in a cancellation of the individual's user privileges, and/or legal action in accordance with law, Board policy, and administrative regulations.

The Superintendent or designee shall make available the Acceptable Use Policy to all persons requesting access to SAU 39 networks. All persons requesting access to SAU 39 networks must agree to adhere to the Acceptable Use Policy before being granted access.

**BBBA – BOARD MEMBER QUALIFICATIONS**

To become a candidate for the Board, a person must be a registered voter in the district. No person holding the office Board member shall at the time hold the office of school district moderator, treasurer, or auditor. No person employed on a salaried basis by the School Administrative Unit or by a District within the School Administrative Unit shall be a Board member in any district of the School Administrative Unit. Salaried positions shall include, but are not limited to, the following: teacher, custodian, administrator, secretary, school bus driver (if paid by the district), school lunch worker, teacher's aide, and substitute teacher. The same qualifications shall exist when the Board seeks to fill vacancies.

## **BCB – BOARD MEMBER CONFLICT OF INTEREST**

As elected officials, Board members owe a duty of loyalty to the general public in protecting the school district's interests. Therefore, the Board declares that a conflict of interest is a personal, pecuniary interest that is immediate, definite, demonstrable, and which is or may be in conflict with the public interest.

A board member who has a personal or private interest in a matter proposed or pending before the Board will disclose such interest to the Board, will not deliberate on the matter, will not vote on the matter, and will not attempt to influence other members of the Board regarding the matter. Supplies, materials, or services shall not be purchased from any member of the Board, or from a member of their household, or from a firm in which the Board member or member of their household hold a major interest. Additionally, Board members should refrain from engaging in conduct or actions, that give the appearance of a conflict of interest, embarrass the Board, or personally embarrass another Board member. It is not the intent of this policy to prevent the District from contracting with corporations or businesses with which a Board member is an employee. The policy is designed to prevent placing a Board member in a position where their interest in the public schools and their interest in their place of employment (or other indirect interest) might conflict, and to avoid appearances of conflict of interest even though such conflict may not exist. RSA 95:1 requires that "No person holding a public office, as such, in state or any political subdivision governmental service shall, by contract or otherwise, except by open competitive bidding, buy real estate, sell or buy goods, commodities, or other personal property of a value in excess of \$200 at any one sale to or from the state or political subdivision under which he holds his public office." Through the use of open competitive bidding or recusal of any Board member who has a conflict of interest, the Board will seek to obtain the best value for the district while avoiding impropriety or the appearance of impropriety.

### **Nepotism**

The Board may not employ a certified or other employee if that certified or other employee is the parent, sibling, spouse/partner, child, or in-law relative of the Superintendent or any member of the Board. This paragraph shall also apply to any other person who shares the expenses of daily living with the Superintendent or any member of the Board.

This shall not apply to any person within such relationship or relationships who has been regularly employed in the District or SAU prior to the inception of the relationship, the adoption of this policy, or a Board member's election.

## AMHERST, MONT VERNON, SOUHEGAN, and SAU39 POLICY

### **BEDH – PUBLIC COMMENT AND PARTICIPATION AT BOARD MEETINGS**

The primary purpose of Board meetings is to conduct the business of the Board as it relates to policies, programs and operations. The Board encourages residents to attend Board meetings so that they may become acquainted with the operation and programs of the schools. All official meetings of the Board shall be open to the press and public. However, the Board reserves the right to meet and to adjourn or recess a meeting at any time. The Board also reserves the right to enter non-public session at any time, in accordance with the provisions RSA 91-A:3.

In order to assure that persons who wish to appear before the Board may be heard and, at the same time, assure that the Board may conduct its business and meetings properly and efficiently, the Board adopts as policy the following procedures and rules pertaining to public participation at Board meetings.

#### Rules of Order

1. Portions of the regular open meeting will be allotted to receive comments from citizens as noted on the meeting agenda. Issues which require an extended period of time may be deferred to the next business meeting, or to a special meeting called by the board. The Chairperson may set a time limit on the length of the public comments portion of the meeting.
2. Individual speakers will be allotted three minutes per person. Speakers may not relinquish allotted time to another speaker. For specific meetings and/or specific agenda items, the Board may at the outset of the public comment period increase the individual time limit for all speakers.

5. Except as otherwise provided in this policy, members of the public may offer comments on agenda items or upon any other matter of public concern directly relating to the District's policies, programs and operations. In the interest of preserving individual privacy and due process rights, the Board requests that comments (including complaints) regarding individual employees (other than the Superintendent) or individual students be directed to the Superintendent in accord with the complaint/grievance resolution processes set forth in Board Policies KE and/or KEB. Complaints regarding the Superintendent, may be made either during public comment, or directed to the Board Chair as described in Board Policy KEB.
6. Any comments which do not adhere to the above, or which disrupt the official business of the Board may be ruled out of order by the Chair. Repeated disruption may result in the individual being asked to leave the meeting. Obscene speech, comments threatening bodily harm, or other unprotected speech will not be tolerated.
7. The Board Chair may terminate the speaker's privilege of address if the speaker does not follow the above rules of order. Repeated violations or disruptions may result in the intervention of law enforcement, with the potential for criminal charges.

Persons appearing before the Board are reminded that members of the Board are without authority to act independently as individuals in official matters. Thus, in most instances, any board response will be deferred pending consideration by the full Board.

With the aim of maintaining focus on the issues in discussion, it is desired that all speakers strive to adhere to ordinary norms of decorum and civility.
