EEAEA - MANDATORY DRUG AND ALCOHOL TESTING – SCHOOL BUS DRIVERS AND CONTRACTED CARRIERS

1. Statement of Policy

The Board believes that the safety of students while being transported to and from school or school activities is of utmost importance and is the primary responsibility of the driver of the vehicle.

This policy applies to two categories of drivers:

- a. school bus drivers (see RSA 189:13-b; 263:29 & 29-a); and
- b. “contracted carriers”: drivers of vehicles designed to transport 16 or more passengers, including the driver, which are a contract carrier of passengers that has been contracted by the school (see RSA 376:2).

To fulfill such a responsibility, each driver, as well as others who perform safety-sensitive functions with commercial vehicles that transport students, must be mentally and physically alert at all times while on duty. To that end, the Board has established this policy related to the fitness for duty of transportation personnel.

2. Medical Examination of School Bus Operators

In accordance with RSA 200:37, before employing any person as a school bus operator, directly or through a vendor, the District shall require that such persons submit a certificate signed by a licensed physician setting forth the physician’s findings as a result of the examination to determine the physical condition of drivers in accordance with the requirements of 49 CFR 391.41- 391.49. Such certificate shall be submitted to the District prior to the commencement of such employment and the District shall retain a copy of such certification. Every 2 years thereafter, either prior to the commencement of the school year or prior to the reemployment of such persons as a school bus operator, the School District shall require submission of a like certificate, except that school bus operators attaining the age of 70 shall be required to undergo an annual examination and to submit a certificate annually (*this provision does not apply to contracted carriers*).

3. School Bus Driver’s Certificate

No person shall be employed as a school bus operator, directly or through a vendor, unless the person has received a School Bus Driver’s Certificate as required by RSA 263:29.

Contracted carriers shall comply with all applicable provisions of RSA 376:2, as well as have a valid commercial driver’s license and operate a vehicle with a valid state inspection sticker.

4. Criminal Background Investigation

Before employing any person as a school bus operator, directly or through a vendor, the School District shall require a criminal background investigation as set forth in RSA 189:13-a and District Policy. If the school bus operators are employed directly by or volunteer for the District, then the employee will pay for the investigation. If the District contracts with a vendor to provide student transportation services either the vendor or the bus operator will pay for the investigation at the discretion of the vendor.
