
GBGBA: USE OF AUTOMATED EXTERNAL DEFIBRILLATOR(S)

The Board authorizes the use of Automatic External Defibrillators (AED) in emergency situations. The use, administration, and maintenance of the AED is subject to the following conditions:

1. **Location of the AEDs:** The Superintendent, building principal and school nurse shall select and approve the locations for the AEDs.
2. **Authorized Employees/Training of Users:** Anticipated responders are required to have training provided by a school nurse or an approved First Aid class. All staff are encouraged to be trained. This policy does not limit the use of AEDs to anticipated responders or other trained users.
3. **Maintenance:** AEDs will be maintained by the school nurse, or his/her designee. Maintenance shall be done according to the AED manufacturer's specifications. The school nurse will maintain a record of all maintenance that has been performed on the AEDs.
4. **Registration of AEDs:** In accordance with RSA 153-A:33, the school nurse or designee shall register the AEDs with the New Hampshire Department of Safety.
5. **Incident Reporting:** The school nurse or designee shall report all instances of AED use with the New Hampshire Department of Safety.
6. **Liability Limited:** The District, and persons administering the AED(s), shall enjoy the limitations of liability as specified in RSA 153-A:31, as well as other sources of law.

All employees of the District are expected to comply with the administration of this policy. Any violation of this policy shall constitute grounds for disciplinary action, up to and including termination of employment.
