Thank you!

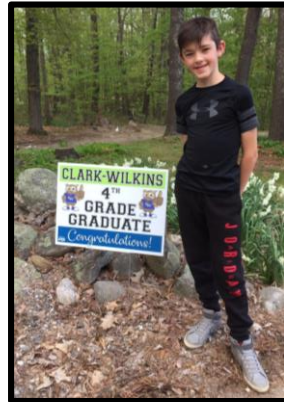

TO everyone who participated in the Annual PTA Read A-Thon fundraiser.

Upcoming Dates

- Monday May 25th - Memorial Day
- Friday, May 29th – Last day of remote learning

Fourth Grade Fond Farewell:

Thank you to the Amherst PTA for supporting our Clark-Wilkins students by providing signs for each of our 4th grade students to proudly display in front of their homes and to our teachers for delivering these signs to their students.

We are sad that we will not be able to come together for our traditional Fond Farewell celebration. As you may have heard from Superintendent Steel in the SAU Weekly Update on May 15th, we are planning on offering a celebration that complies with the regulations set forth by the state regarding social distancing and end of year school celebrations. A Fond Farewell planning team has been formed and will be providing additional information to families in the next few weeks.

Together, you raised over \$5,000! We realized that we had loose ends with the Annual PTA Read-A-Thon that weren't tied up when it came to the winners. Prizes for these top winners will be delivered over the next month. All other participant prizes will be disbursed when classes resume in person.

Top pledge collecting classes: Mrs. Eaton and Mrs. Bevilacqua

Classes with the most reading minutes: Mrs. Alexakos and Mrs. Chazanoff

Top pledge collector: Anya Ravenstein (C-W) and Collin Ellis-Marmonti (AMS)

Most minutes read: Jack Parisi (C-W) and Tyler Luopoli (AMS)

Top pledge collectors at CW: Brody Morris (preschool), Thomas Lampson (k), Parker Morgan (1), Anya Ravenstein (2), Julia Murphy (3), Jacqueline Hermann (4).

Technology and Summer Online Programs:

We are working with the SAU to develop a plan for district owned devices and the upcoming summer break. The SAU Technology team will be sending out information to families in the next week regarding the return of district owned devices. In addition, we know that many families would like to continue using some of the engaging platforms that have been available during our remote learning time. We will be sharing a list of all programs that students will continue to have access to this summer with end of year progress reports.

End of Year Progress Reports:

Teachers will be providing all families with an end of year progress report on Thursday June 4th This progress report will be a detailed narrative comment that includes information on the content and curriculum that were areas of focus between January and May and also personalized feedback for your student. These progress reports will be sent by families as PDF documents via email.

A HUGE Thank YOU to all who donated to our Joshua Savyon Fundraiser for the Humane Society for Greater Nashua! We've raised over \$1200 so far. To donate, click [HERE](#)
