

Amherst Middle School

October 23, 2018

Good Morning Parents of Current 6th and 8th Graders,

For decades, children of Amherst and Mont Vernon have attended environmental schools with Nature's Classroom, the Ecology School, and others. They have been enriching and rewarding programs that have assisted in the social and academic development of our students, and our environmental schools have provided the students with memories that have lasted well beyond their graduation.

As this program continues into the future, we would like to know your thoughts on this year's trip. Please take a few moments to fill out this brief survey by clicking on the link below. If you have any questions or comments beyond the survey, please feel free to email me at gdustin@sprise.com. Thank you!
