STUDENT SERVICES

Student Summer Opportunities
The Boston Leadership Institute is now accepting applications for Summer 2020 STEM programs designed for high-achieving high school students. Participants engage in experimental research with faculty experts in cutting-edge areas of science. Programs are offered in fields that generate high demand STEM careers.

Programs provide:
• Hands-on, in-depth research experience that can be included in college admissions essays
• Research skills that afford students an edge in obtaining internships and research positions
• A platform to explore potential college majors and careers
• An opportunity for students to demonstrate initiative, drive, and mastery of upper level STEM subject matter
• Well-equipped science labs and premier facilities provide the type of summer experience that is highly valued in college admissions

Programs take full advantage of Greater Boston locations where world-class colleges such as Harvard meet world-class biotech and medical centers to provide field trips and guest lectures.

Last summer, over 500 top students were drawn to BLI competitive admissions research programs from across the country and 32 nations. Alumni now attend top-ranked universities such as MIT, Harvard, Penn, and Yale. Day or overnight options are available. For more information, please go to https://www.bostonleadershipinstitute.com/.

FROM THE MATH DEPARTMENT

Due to the winter weather and school cancelation today, the Math Acceleration Information meeting has been postponed to Monday February 10th at 6 pm in room 130-131 at the high school. We will be explaining the math pathways, as well as all of the details of our math acceleration process. Both parents and students are invited to hear the details of the process. As will be explained at the meeting, the first major, required step of the process is a pre-test which will be offered on Thursday Feb 13th, Monday Feb 17th and Tuesday Feb 18th at 2:30 pm on each day in room 128. These are the only dates for the pre-test due to the start of break the following week. Any student interested in attempting acceleration must be available for one of the three days after school (not all 3).

If you are unable to attend the meeting on Monday but wish to receive the information, please email aswift@sprise.com.
Congratulations to the Girls Alpine Ski Team for their 1st place finish in the Southern New Hampshire Championships!

School-wide FINAL

POETRY OUT LOUD
National Recitation Contest

MC: Georgia Craven
Music by Stoj Husak and Conrad Koch

Everyone is Welcome!
Families and Friends invited!
