Who We Are
The Division of Public Health and Community Services is the public health entity for the City of Nashua. It is one of only two full-service local health departments in the State of New Hampshire. All of the Departments within the Division offer services that directly impact the health, social, and economic well-being of the residents of the City of Nashua and the surrounding communities. The Division is centrally located in downtown Nashua and is easily accessed by pedestrian, vehicle and public transportation.

The Welfare Department provides interim emergency assistance for low income residents through a voucher system. Assistance is available with rent, food, utilities and medications. Each applicant will be interviewed confidetntially to review household circumstances and eligibility for assistance. You must apply in person. No appointments are given over the phone.

Tobacco Prevention & Control Program
(603) 589-4519
The Tobacco Prevention and Control Department educates the community about the dangers of tobacco use and promotes smoking cessation resources that are available. The program emphasizes smoking cessation interventions for pregnant women and women of child-bearing age, as well as eliminating exposure to second and third hand smoke.
