Category: Priority/Required by Law

The School Board will adopt and the superintendent will implement a teacher performance and evaluation system. The performance and evaluation system will include procedures, evaluation criteria and other components necessary to evaluate certified teaching personnel.

The SAU Leadership will involve teachers and principals in the development of this system by providing such teachers with notice and an opportunity to comment on their provisions. All final decisions relative to evaluation procedures, criteria and components will remain with the School Board.

SAU Leadership will review the evaluation system procedures on an annual basis. The evaluation criteria will be reviewed by the SAU Leadership and School Board every five years.
