PHYSICAL EXAMINATIONS OF STUDENTS

Each child will have a complete physical examination prior to or upon first entry to school as an enrolled and registered student.

However, no medical examination shall be required of a child whose parent or guardian objects thereto in writing on the grounds that such medical examination is contrary to his/her religious tenants and teachings.

Parents of students transferring to the district must present proof of meeting the physical examination requirement within thirty days of entrance. Failure to comply with this provision may result in exclusion from school for the child (see JLCB).

No child shall be excused from regular physical education classes except on the written notice of a duly licensed physician or on the written request of the parents. Temporary excuses on a day-to-day basis may be granted by the teacher upon the request of the parents.
