

AMHERST JUNIOR WOMEN'S CLUB ANNUAL WALK-A-THON

The Amherst Junior Women's Annual Walk-A-Thon will take place **Wednesday, May 15 2019** at the Wilkins School (*rain date May 17*). All Wilkins students will have an opportunity to participate in this event. The money generated will be broken down among the Education Departments (last year's event raised almost \$5,000). Let's join together again this year for a fun and exciting day-- what a great way to show we care about our school!

HOW DOES THE WALK-A-THON WORK?

- All students will walk around a 1/4-mile track (1 lap) for a period of 30 minutes. (*Please note, we will be walking Upper Wilkins this year.*)
- Funds are raised by having friends and family pledge an amount of money for each "lap" that is completed. Pledge sheets are attached.
- Obtaining pledges is encouraged but not necessary to participate in the walk-a-thon.

HOW DOES PLEDGING WORK?

- Participants are asked to obtain sponsors and record names and pledge amounts on the pledge sheet.
- It is hard to know how many laps will be completed by participants, but they will probably walk anywhere between 3-15 laps depending on the age of the child.
- Sponsors may pledge an amount for each lap completed or give a flat donation.
- Information on completed laps will be returned so that pledges may be collected. All collected pledge money and pledge sheets should be returned to school NO LATER THAN FRIDAY, May 31.
- All checks should be made payable to **Amherst Junior Women's Club**.

WHAT ARE THE PRIZES?

- Each participant will receive a ribbon and a Popsicle.
- The ten students who bring in the most pledge money will receive a gift certificate for a free ice cream cone.
- The classrooms returning the most pledge donations as well as the most laps will receive a pizza party!

Please join **Amherst Junior Women's Club** by volunteering an hour of your time to count and record the number of "laps" made by each child and to pass out water and Popsicles to the children. Please sign up to help work with your child's class.
